Inter BEE 2012 Exhibition Regulations

1-3. Exhibition categories

Professional Audio Equipment Zone	full overhead lighting only
Professional Lighting Equipment Zone	all overhead lighting off only
Video and Broadcast Equipment Zone	either full overhead lighting or all overhead lighting off can be selected
Cross-media Zone	full overhead lighting only

When an item to be exhibited falls into both categories, two options are possible: the exhibit may either be placed in the category of greatest importance, or the exhibitor may exhibit in both categories. If the Video and Broadcast Equipment Category is selected, the exhibitor may choose to have all overhead lighting on or off. In addition, exhibitors in the Professional Lighting category may illuminate towards the ceiling; however, considering the influence on surrounding exhibitors, please note that this kind of exhibitors' booth will be located at the far end of the show space.

1-4. Booth standards, specifications and description

1. Standard Booth

- (1) 1 to 4 row booths & Facilities (1 to 18 booth spaces)
 - a. Booth space : 2,970mm(W) x 2,970mm(D)
 - b. Specification :

For exhibitors with 1- to 4-row booths, system panels will be installed as back panels on the sides neighboring booths of other exhibitors. However, system panels will not be placed on the corner-facing sides of corner booths.

(2) Block booths (20 or more booth spaces)

The standard for block booths is: 1 booth space = 9 m². The floor will be marked in an area equal to (W:D) 2:1 or 1:1 based on the total floor space reserved (9 m² x no. of booth spaces). The actual dimensions will be provided to exhibitors at the lot drawing for booth space allocation.

[Sample booth dimensions]

Example of an application for 25 booth spaces: Dimensions are marked out for an area of 225m² (9m² x 25 booth spaces), ranging from a rectangular shape with a wider entry dimensions than a square.

(3) Booth height limitations

The standard height is 2.7m. Details of booth wall heights are shown below.

a. 1 to 18 booths(row-type booth)

The allowable height of booth walls set back 1.0m from the corridors and / or foundation panels will be 3.6m.

b. More than 20 booth spaces (block booths)

The height limit is 6m.

(4) If product sizes exceed height limitations

The height limitation on product exhibits and decorations is stipulated above. If exhibited products exceed these height limitations, the exhibitor should submit Application for Over-Regulated Heights and booth plan drawing to the Show Management Secretariat and the exhibitor must receive prior permission from the Inter BEE Organizing Committee. Product exhibits are to be displayed within the specified space limitations of the exhibition booth and not displayed in a way that would encroach upon corridor spaces. Exhibited products that have received prior permission to exceed height limitations must be exhibited in their original state. No additional decorations are permitted.

2. Small Package Booth

- a. Booth space : 1,980mm(W) x 990mm(D) x 2,700mm(H)
- b. Specification : The following facilities are included in

- Wall panels
 - Display counter (975mm high with storage space)
 - Fascia (300mm width)
 - Company Name Display
 - Fluorescent light
 - Electricity socket (single-phase 100V, up 1 kW output)
- *Small package booth exhibitors may apply for up to two booths.

Inter BEE 2012 Exhibition Regulations

3. Booth description

At Inter BEE, booths are available in two types, a standard booth and small package booth. Regardless of type, however, all fees for booths will be referred to as the exhibit booth fee on the invoice statement.

1-5. Number of booths and booth type

	Booth Type	Number applied for
Standard booth	1 row	1. 2. 3. 4. 5. 6
	2 rows	4. 6. 8. 10. 12
	3 rows	9. 12. 15. 18
	4 rows	16
	Block format	20. 25. 30. 35. 40. 45. 50. 55. 60. 65. 70. 75. 80. 85. 90. 95. 100
Small package booth		1. 2

- Exhibitors in rows (less than 18 booths) may have booths of other exhibitors on one or three sides.
- Industry organizations and joint exhibitors may apply for more than 100 booths.
- After the deadline for applications, the Organizing Committee will determine the layout of the show site. If the total space applied for exceeds the capacity of the site, the Organizing Committee reserves the right to determine an impartial method to reduce the number of booths applied for by exhibitors.

1-6. Allocation of booths

Booth locations will be determined by lot drawing. Lots will be drawn among exhibitors who have the same number of booths or share the same configuration in the same categories. However, depending on actual conditions at the booth allocation, lots may be drawn among exhibitors who have approximately the same number of booth spaces (±10 spaces) in the same stage (i.e. exhibitors with 25 to 35 booth spaces).

In addition, exhibitors in the Professional Lighting category may illuminate towards the ceiling; however, considering the influence on surrounding exhibitors, please note that such exhibitors' booth will be located at the far end of show space. (The drawing of lots is scheduled for July 26.)

1. Primary lot drawing

Exhibitors who have submitted applications by Thursday, May 31, may participate in the primary lot drawing. Please be aware that the number of booths can be changed until the end of June and that the Organizing Committee may adjust the order of the drawing in the event that exhibitors change the number of booths for which they applied to fit their needs after the end of June.

2. Secondary selection

Exhibitors applying from Friday, June 1, through Friday, June 29, may select their booth locations from the locations that remain vacant, in the order of which applications are received.

3. Spare booth spaces

If booth spaces remain available at the end of the lot drawing dates, the remaining spaces will be placed on the floor as spare booths. Exhibitors submitting applications after Saturday, June 30 can select their booth locations from the available spare booths on a first-come, first-served basis.

4. Fixed booth spaces

The Organizing Committee has determined the following booth spaces to be fixed:

- Because lots are drawn among exhibitors with the same number and type of booths in the same exhibit zones, an exhibitor not meeting this criterion will be afforded a fixed booth space(s).
- Cooperative exhibitors
- Overseas cooperative exhibitors and related domestic exhibitors.

5. Utility booths will be setup in spare open spaces after the booth lot drawing is completed. However, exhibitors should be aware that further changes in booth allocation may occur due to exhibitor cancellations, reduction in booth spaces, etc.

6. The position of entry ways and the use of block booths by exhibitors may be adjusted by the Organizing Committee in consideration of overall visitor flow.

7. Overhead lighting

Full overhead lighting delivers approximately 500 lux, but exhibitors in the Video and Broadcast Equipment category may choose to locate their booths in areas where all overhead lighting is decreased (approximately 50 lux). Please note that this option may not be available, depending on the ratio of visitors requesting overhead lighting. For exhibitors in the Professional Audio Equipment category, only the option of full overhead lighting (approximately 500 lux) is available and all overhead light is not available for those in the Professional Lighting category (approximately 50 lux).

Exhibition Categories	Overhead lighting
Professional Audio Equipment Zone	Full overhead lighting (approx. 500 lux)
Professional Lighting Equipment Zone	All overhead lighting off (approx. 50 lux)
Video and Broadcast Equipment Zone	Full overhead lighting (approx. 500 lux) or All overhead lighting off (approx. 50 lux)
Cross-media	Full overhead lighting (approx. 500 lux)

2. Application deadlines

(1) **First application deadline: Thursday, May 31st, 2012.**

Applicants may participate in the primary booth allocation lot drawing.

(2) **Second application deadline: Friday, June 29th, 2012.**

Applicants may participate in the secondary selection.

*Even prior to these deadlines, no more applications will be accepted if all booth spaces have been filled.

(3) **After the second deadline**

Applications will be accepted after June 30th, 2012 or until all available booth spaces are taken.

3. Submitting a company profile

First-time exhibitors to the show are required to provide a company profile and catalog(s) of product(s) planned to be exhibited upon submission of the exhibit application / contract. And, if there are major changes made to the corporate profile or catalog(s) of product(s) planned to be exhibited after the company has submitted these documents, an updated profile and / or catalog(s) must again be submitted.

Applications without these documents will be put on hold until the Show Management Secretariat confirms the receipt of these items.

Inter BEE 2012 Exhibition Regulations

3. Submitting a company profile

First-time exhibitors to the show are required to provide a company profile and catalog(s) of product(s) planned to be exhibited upon submission of the exhibit application / contract. And, if there are major changes made to the corporate profile or catalog(s) of product(s) planned to be exhibited after the company has submitted these documents, an updated profile and / or catalog(s) must again be submitted.

Applications without these documents will be put on hold until the Show Management Secretariat confirms the receipt of these items.

4. Cooperative exhibitions or neighboring exhibitions which involve more than two companies

Exhibitors who wish to maximize the effects of exhibitions by holding cooperative exhibitions with group / affiliated companies in one booth or neighboring exhibitions with other companies, must submit applications according to the following criteria.

(1) Collaboration exhibitions

One of the exhibiting companies should submit an application and pay booth fees. Please fill in and submit "Collaboration exhibitor registration form" which is sent to you by the Show Management Secretariat upon completion of application of cooperative exhibitions. By submitting this form, you can print the names of affiliated companies on the lists and the layout.

(2) Neighboring exhibitions

- The total number of booths requested by each company conforms to the standard booth specification and configuration.
- Each company should pay its booth fees separately.
- The position of booths will be decided by the lot drawing among the total number of booths applied for.
- We will confirm if the panels on the sides neighboring booths of other exhibitors and booth numbers are available on the questionnaire.

(3) Cooperative exhibitions

- Total number of booths requested by each company does not conform to the standard booth specification and configuration.
- Exhibitors wish to have booths facing each other on each side of the entryway.
- The number of booths requested by each company conforms to the standard booth specification and configuration.
- Each exhibitor should pay booth fees separately.
- The position of booths will be decided by the Show Management Secretariat beforehand. It is not possible to choose the position of booths.
- We do not allow linking of standard booths and small package booths.
- Please be aware we reserve the right to refuse applications if we cannot verify validity of the cooperative exhibitions. Also, please be aware that we cannot accommodate your requests concerning the configuration of booths.

5. Refusal of application

Applications from any persons involved in bankruptcy, composition, receivership, civil rehabilitation, or corporate reorganization proceedings, or persons who are suspended from current account transactions from financial institutions will not be accepted. Similarly, applications from any persons deemed by the Association to be involved in similar circumstances will not be accepted. If an exhibitor company is found to fall into one of the categories described above after the contract has been concluded, the contract will be voided and that company will not be permitted to exhibit. In such a case, participation fees paid by exhibitors will be refunded. If deemed necessary by the Association, an investigation or inquiry into the surrounding circumstances will be conducted.

2-5. Payment of booth fees

Booth space payments are to be paid via electronic bank transfer according to the schedule below. JESA will issue an invoice and designate the bank account for remittance at this time. Checks and promissory notes are not acceptable as payment. Transfer fees are to be borne by the exhibitor.

Payment deadline

Primary applicant	Tuesday, July 31
Secondary applicant	Friday, August 31

2-6. Cancellation or reducing the number of booths

If an exhibitor cancels or reduces the number of booth spaces applied or, regardless of the reason, some or all of the following cancellation fees will apply. Consumption tax (5%) will be added to all fees.

July 1 to July 31, 2012	60% of exhibition booth fee
August 1 to August 31, 2012	80% of exhibition booth fee
On or after September 1, 2012	100% of exhibition booth fee

Please notify us promptly of cancellations of exhibitions, and additions / reductions of booth spaces. Please fill in and submit "Application for booth cancellation or changes for number of booth(s)" that is sent to you by the Show Management Secretariat. The Show Management Secretariat will inform you that it has received the application as a confirmation.

3. Important exhibit details and prohibitions

3-1. Exhibiting of products from outside of Japan (including fixtures)

Inter BEE plans to make all exhibition halls open to the display of bonded goods. Therefore, it will be possible for exhibitors to display overseas products (those manufactured outside Japan or items that have not yet cleared Customs proceedings) even if they have not cleared Customs by the time the exhibition begins.

3-2. Protection of industrial property rights

Up until last year, exhibiting companies exhibiting items that required an application for patents had to make such an application with the exhibition organizer beforehand at Inter BEE and confirmation work was carried out during the exhibition. However, due to a revision of the Patent Law; from 1st April, 2012, it is no longer necessary for exhibiting companies to make an application regarding patents beforehand to the exhibition organizer, and exhibiting companies must now apply directly to the Patent Office. They can apply for the exception to lack of novelty of invention and special claims may be made when filing an application. Please access the Patent Office's website for more details regarding the revised law.

Inter BEE 2012 Exhibition Regulations

3-3. Prohibited activities

The following activities are considered as prohibited:

1. **Exhibit space transfer**
Subletting, selling, transferring, or exchanging exhibition space, either in whole or in part, to any third party, including other exhibitors.
2. **Directing visitors to other venues**
Directing Inter BEE visitors to simultaneous product or technology exhibits off-site is prohibited.
3. **Engaging in sales activities**
Selling products other than publications and software on-site during the show is prohibited. Exhibitors who wish to sell publications and software are required to submit details and seek approval in advance.
4. **Inappropriate behavior**
Aggressively attempting to attract visitors to view demonstrations while standing outside of booths or in aisles is prohibited. Persistent sales approaches and/or techniques considered to be excessive are also prohibited.
5. **Exhibiting for the purpose of obtaining personal information**
It is prohibited to use booths for the primary purpose of collecting personal information on visitors, rather than to display products and services. Furthermore, all exhibitors are requested to abide by the stipulations in Japan's personal information protection legislation. Details on the collection and handling of personal information will be available in the Exhibition Manual.

3-4. Responsibilities of exhibitors

1. **Prompt fee payment**
Exhibitors will pay all exhibitor fees and expenses invoiced by Show Management Secretariat and bear responsibility until all payments are complete.
2. **Obeying the law**
The laws and regulations of Japan shall be followed in all cases related to the transfer and management of display and related items, and in management and other matters related to constructs and structures for use in exhibits.
3. **Liability for damage, management of exhibited items, and insurance.**
 - (1) The sponsors, organizing committee and Show Management Secretariat will make every effort to ensure the security of exhibits during the show period by, for example, implementing security guard patrols. However, the management cannot assume responsibility for damages arising from natural disaster, fire, theft, loss of property or other occurrences beyond its control and recommends that exhibitors take steps of their own.
 - (2) Exhibitors shall be liable for any fatalities or injuries occurring to visitors, other exhibitors or third persons as well as damage to items at the exhibition site. Inter BEE sponsors and / or the organizing committee shall bear no responsibility whatsoever in such circumstances.
 - (3) A booth manager, whose responsibility is to supervise all activities that take place in the exhibitor's booth, must be confirmed with the organizer prior to the start of the exhibition.
 - (4) Exhibitors are recommended to provide for adequate insurance coverage during the exhibition.

- (5) The organizer will make every effort to provide effective management, enhanced safety, and maintenance of order at the venue as well as ensure the safety of exhibition visitors. Any act by an exhibitor(s) that is considered detrimental to the aforementioned may lead to the termination of that exhibitor's demonstration. Exhibitors shall be liable for any accidents that may occur during exhibitor demonstrations, and Inter BEE sponsors and / or the organizing committee shall bear no responsibility whatsoever in such circumstances. In the event of an accident, the exhibitor is required to take appropriate action and report it immediately to the organizer.

4. Complying with the exhibition schedule

Prior, during and after the show, all exhibitors are requested to comply with the exhibition schedule specified by the organizer. Construction activities to the booth, delivery and/or wrap-up activities during the exhibition are prohibited.

3-5. Termination or shortening of exhibition duration due to unavoidable or potential calamity

- (1) If the exhibition is canceled because of an event of force majeure, such as an earthquake, typhoon, fire, disease, terrorist act or order from the public authorities, the organizers reserve the right to shorten the duration of the exhibition or the hours that the exhibition is open to the public, either before or during the exhibition. If the exhibition sponsors deem such action necessary, this information will be promptly published on the official Website and exhibitors will be notified. Neither the exhibition organizers nor the Association shall assume any liability for losses incurred by exhibitors in such a case.
- (2) If an unavoidable calamity that occurs prior to the opening of Inter BEE forces cancellation of the exhibition, participation fees paid by exhibitors will be refunded in full, minus charges for expenses already incurred.
- (3) Neither the exhibition organizers nor the sponsors shall be held liable to refund exhibition expenses, either in full or in part, if the exhibition duration is unavoidably shortened because of a calamity or potential calamity.
- (4) The exhibition sponsors and the Show Management Secretariat assume no responsibility for expenses incurred by exhibitors if the exhibition is canceled or shortened because of a calamity.

3-6. News gathering and filming

Staff members appointed by the sponsors and / or the organizer will be authorized to gather news and / or conduct interviews as well engage in filming and / or photography. Exhibitors are requested to cooperate with such news gathering and filming activities and also agree that any image, photograph, information, etc. obtained during the exhibition can be used solely for the purpose of promoting Inter BEE.

3-7. Dealing with disputes between exhibitors

Any disputes between exhibitors concerning exhibits, publicity materials related to exhibits, intellectual property or the use of booths shall be resolved between the parties concerned. The exhibition sponsors shall bear no responsibility whatsoever in such instances.

Inter BEE 2012 Exhibition Regulations

4. Matters related to the booth set-up

4-1. Booth design

Product exhibits, demonstrations, etc., must be conducted within the exhibitor's booth. If for some reason this rule is not followed properly, the organizing committee and / or the Show Management Secretariat will request that the exhibitor comply with the rule; any further noncompliance may result in termination of the exhibitor's booth.

1. Prohibition of usage of space beyond booth boundaries

- (1) Exhibitors are responsible for controlling crowds around their booths, which might block walkways in public spaces. If a stage is set up in a booth, the Exhibitor must ensure that the booth layout makes it possible to bring all visitors inside the boundaries of the booth.
- (2) Inviting visitors into booths and/or conducting surveys in walkways in public spaces is strictly prohibited.
- (3) Exhibits, decorations, fixtures, plants and packaging materials should not be left outside of booths, but must be stored within booths.
- (4) Product exhibitions and presentation acts using the space outside the booth such as the aisle is prohibited.
- (5) Lighting directed toward aisles, exhibition hall walls or ceiling is prohibited.

2. In-booth stages

Exhibitors planning to set up a stage in their booths must ensure that the booth layout makes it possible to bring all visitors inside the boundaries of the booth. Further more, depending on the height of the stage and the video equipment installing, take sufficient care of the visitors viewing angle and of an appropriate distance. If any problems occur in line with in-booth stages, the Show Management Secretariat will request immediate countermeasures.

Good example

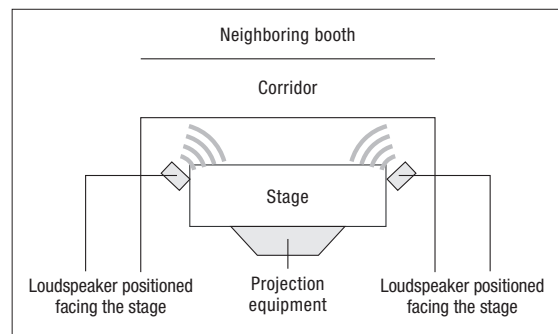

Bad example

3. Thoughtful independent booth design that allows for an evacuation route
When designing an independent booth, be sure to fully consider the location of adjacent companies' booths, and carry out thoughtful design that allows for an evacuation route and does not obstruct the view of adjacent companies' booths.

4. Speakers

Exhibitors are prohibited from setting up public address systems, such as loudspeakers or mixers, directly facing neighboring booths. So as not to inconvenience visitors or neighboring booths, these systems must be positioned facing the stage. If installing loudspeakers on booth walls or displays fixture pillars, the central axis of each speaker must be 45 degrees or less.

4-2. Ceiling structure and two-floor construction

1. Ceiling structure

Installing a ceiling on the booth is only permitted when products and/or demonstrations need to be shielded from light or insulated from sound. The ceiling must be made of a fireproof blacked-out curtain, which is the only material permitted under local fire department restrictions. Direct sunshine will be blocked out within the exhibit halls but there still may be some reflections cast from the indirect and ceiling lighting. Exhibitors who wish to set up ceiling structures, without regard to the size or area, are required to submit an application form sent with the Exhibition Manual together with top and elevated view booth drawings. Observe the following guidelines for the design and construction of a ceiling structure.

(1) Structure

- ① Any double layer structure is prohibited.
- ② All the decorating materials must be fire-resistant processed and attached the fire-resistant indications.
- ③ Exhibitors are required to submit both top (designated ceiling area and its size) and elevated view (designated ceiling area and surrounding wall, etc.) booth drawings. They must show that the ceiling are fire-resistant processed.

Inter BEE 2012 Exhibition Regulations

(2) Fire Safety Equipment

- ① Fire extinguishers must be size 10 or larger.
- ② Fire alarms (smoke alarms) may be required. In such case, exhibitors must submit the placement notice and its operation experiment result to the Management Office.
Domestic fire alarms are not be accepted.
- ③ Depending on the structure or size, evacuation exits and leading light for emergency may be necessary.

2. Two-floor construction / Suspended Structure

Two-story structures and suspending decorations from the ceiling are not allowed.

4-3. Floor work

Prior to performing flooring work, exhibitors are required to submit to the Show Management Secretariat the actual number of anchor bolts to be used in the floor plan. The use of concrete nails, dry pits, and the mounting of pit lids to anchor bolts is prohibited.

1. Restoring the site to its original condition
Restoration to original condition Floor work is permitted on the condition that all flooring will be restored to its original state after the exhibition. After usage, if the bolt heads project above the surface, they must be sawn off, not hammered in or cut with acetylene torches. All expenses for restoration shall be borne by the exhibitor. In the event that the floor is not restored to its original condition after the final floor inspection, or the restoration is incomplete, the Show Management Secretariat will complete the restoration work and charge the total amount of expenses to the exhibitor after the exhibition.
2. Floor restoration expenses
Exhibitors are required to pay the floor restoration fees regardless of the size of anchor bolts used. ¥1,050 (including consumption tax) per anchor bolt.

4-4. Fire prevention regulations

Inspections by the local fire department will be carried out during the display construction work of after its completion. Any work not in accordance with the below regulations may be suspended, or the structure(s) in question removed. Exhibitors are required to follow the instructions below.

1. Any type of material, whether cloth or paper, affixed to plywood for display purposes should be fireproof.
2. Materials such as display mountings, artificial flowers, draperies, drop curtains, display plywood, fiber blinds, blackout curtains, carpeting or other flammable materials must be fireproof. Please attach a Fireproof tag to each of these materials in an easily visible location.
3. Avoid using paper flowers, urethane, acetate, polyester, nylon or other materials that are difficult to fireproof.
4. The use of plastic foam is prohibited. Please substitute Styrofoam or similar materials.

5. Exhibited items and management

5-1. Counterfeit or imitation products are strictly prohibited

1. The display, distribution, or demonstration of counterfeit or imitation products that infringe on a third party's intellectual property rights (e.g. patents, trademarks, design rights, copyrights, overseas rights, etc.) or any other related activity is strictly prohibited.
2. If the Organizing Committee discovers counterfeit or imitation products being displayed, distributed, or demonstrated, it reserves the right to remove these products from the exhibition venue immediately with all costs incurred becoming the responsibility of the offending exhibitor.
3. In addition to inspections for counterfeit or imitation products, all exhibitors shall cooperate with the Organizing Committee whenever any type of inspection is conducted.
4. Any disputes concerning the intellectual property rights of exhibited products shall be resolved between the parties concerned.

5-2. Comparison displays

As a general rule, exhibitors are requested to limit product comparisons (see guidelines below) to demonstrations between products and / or technologies of their own company or group companies. Exhibitors who plan to compare their products or technologies with those of other companies should first obtain advance permission from the other company and such comparisons must not infringe upon the property rights of that company.

1. Comparisons using exhibits and demonstrations.
2. Comparisons using information panels and pamphlets.
3. Verbal comparisons in audio announcements.
4. Other comparisons related to products and technologies.

5-3. Suitable displays

The following regulations must be strictly observed for all displays in the exhibition booths.

1. Safety and precaution signage
All booths must have adequate safety and precaution signage positioned in clearly visible locations around the displays.
2. Displays should reflect real-life situations
Product presentations and / or displays should be demonstrated in real-life situations as much as possible and not in an exaggerated or unrealistic manner. If this is not practical, the product(s) must have accompanying captions stating how they are used in actual applications.

Inter BEE 2012 Exhibition Regulations

5-4. Vehicle display

When displaying broadcast relay vans or other vehicles, please be certain that the vehicle can be stored within the space stipulated by the booth specifications. If this height is exceeded, please specify that "display exceeds height regulations" and complete the over-height application from.

5-5. Restrictions on Audio Volume

When explaining products or making demonstrations, audio volume in the booth must be maintained at the levels less than 75dB. Please remember that it is important to maintain audio volume at reasonable levels to ensure that visitors can hear the presentations of other exhibitors.

1. The value is the standard, when measured from 2 m away from the border line of booth. These levels must be observed throughout every booth.
2. During the exhibition period, the Show Management Secretariat will regularly measure sound levels. Exhibitors are also asked to voluntarily measure sound levels within their booths before and during the exhibition. Contact the on-site Management Office to borrow measuring equipment.
3. Breach of noise-level restrictions: Any exhibit exceeding the specified noise levels must be modified to conform to regulations. Failure to conform may result in the loss of exhibiting privileges.
4. Regardless of these regulations, if complaints are received from neighboring exhibitors or noise is noticeable in other areas of the site, the Show Management Secretariat will require the exhibitor in question.
5. Please make sure that a person responsible for audio equipment is stationed in your booth at all times, and that the audio equipment is operated in accordance with the regulations.

5-6. Demonstration regulations

1. Copyrights

Exhibitors playing music or replaying recorded audio or video material must pay royalties on said material (unless the exhibitor owns the rights or has made separate arrangements for payment of royalties). Royalties are payable to the Japanese Society for the Rights of Authors, Composers and Publishers (JASRAC), which handles royalties in Japan.

Please contact JASRAC for details on arrangements and royalty calculation methods. In addition, when exercising rights regarding video and animation, please contact the company or organization/group that owns the copyright.

2. Illumination / Lighting

No illumination that projects directly into another company's lighting or onto walls or corridors is permitted. Exhibitors in the Professional Lighting category who need to illuminate in distance to describe or feature its exhibit product may illuminate only towards the ceiling within the exhibitor's booth.

When strong lighting equipment such as LEDs are used in displays and / or signboards, they must be positioned so as not to inconvenience visitors or neighboring booths.

3. Smoke machines

The use of smoke machines (including alcohol, oil or petroleum smoke machines, and dry ice machines) is not permitted.

4. Other

Please take preventive measures to avoid the generation of the following during demonstrations. Please be considerate of other exhibitors and visitors.

1. Hot air
2. Gases
3. Odors
4. Vibration

5-7. Handling of hazardous items

1. The Fire Prevention Law Prohibits the Following Activities on the Exhibition Site

- (1) Smoking
- (2) Live flames (spark-producing items, exposed elements, etc.)
- (3) Liquefied petroleum gas (LPG) or other flammable / pressurized gases
- (4) Hazardous objects (gasoline, kerosene, other oils, etc.)
- (5) Hazardous materials
(explosives, matches or disposable lighters in large quantities, etc.)

2. Exemptions for prohibited activities

Excluding smoking, exemptions for prohibited activities and / or the use of some of the aforementioned substances may be granted by local fire safety authorities if it is determined that only minimal amounts of substances will be used or that the activities are necessary to enhance the exhibit. For exhibitors seeking exemptions, please fill in the relevant items on the "Hazardous Materials Usage Application" in the exhibitor's manual and submit the form together with two declaration copies explaining the nature of the performance or exhibit. The association will submit all applications to the fire safety authorities at a single time, and only the items granted exemptions will be allowed to be used in the venue.

3. Smoking

Smoking is prohibited in booths. Smoking is permitted only in specially designated smoking areas.

4. Live Flames

The following should be strictly observed when using live flames:

- (1) Minimize the size and quantity of on-site equipment to the extent possible and use devices of the same type.
- (2) Protect the surrounding area with fireproof materials.
- (3) Monitor conditions closely and provide adequate fire safety equipment.
- (4) At least one fire extinguisher must be available (with a 2-unit minimum fire extinguishing capability and a minimum size of 10).
- (5) A designated person responsible for fire prevention and extinguishing any possible fire must be stationed in the booth.
- (6) Live flames must be at least 5 m from fire exits, hazardous materials and other flammable materials

5. Liquefied Petroleum Gas (LPG) or Pressurized Gas

The following rules should be strictly observed when using LPG and other pressurized gases (oxygen, hydrogen, nitrogen, carbon dioxide, argon gas, etc.):

- (1) After installation, test all containers for leaks, and if necessary display a "Caution: Do Not Use Near Flammables" sign on them.
- (2) Use pressurized gases under the lowest possible pressure, and handle containers carefully. Bringing flammable gas cylinders (except cartridge types) onto the exhibition site is prohibited.
- (3) To prevent gas leakage, use a complete connector for all connecting parts and monitor continuously with a gas leak detector.

6. Hazardous Materials

When using hazardous substances in the exhibition venue, the following regulations must be strictly observed.

- (1) Bring only one day's supply or less onto the exhibition site.
- (2) Do not replenish supplies during exhibition operating hours.
- (3) Provide adequate fire safety measures and handle materials carefully at all times.
- (4) Place hazardous materials 6 m and other materials 3 m or more from fire escapes.
- (5) A Type 10 fire extinguisher must be readily available.
- (6) Place hazardous materials 5 m away from areas in which open flames are being used.
- (7) Appoint personnel to monitor safety.

Inter BEE 2012 Exhibition Regulations

6. Violation of the regulations and discrepancies in interpretation / Others / Organizing Committee

6-1. Violation of the regulations and discrepancies in interpretation

Concerning official regulations, if an exhibitor violates regulations or if there is a discrepancy in interpretation or the application of these regulations, the following measures will be taken. Please note that the interpretation of the regulations as defined in the original Japanese language documentation will take precedence.

1. If the Organizing Committee determines that an exhibitor has violated regulations governing exhibitor booths and implementation of exhibits, the association will request that the exhibitor take the necessary corrective measures.
2. If the same violation described in section 1 above occurs again, or a discrepancy in interpretation of these regulations occurs, the Organizing Committee will take the appropriate action and as a final ruling order, order the exhibitor in question to take the necessary corrective measures.
Please note that once the committee reaches a final ruling, the committee will not enter into any further discussion with the exhibitor in question, nor be responsible for any incurred liabilities whatsoever.
3. If an exhibitor has been ordered to take corrective measures described in section 2 above, the exhibitor will be required to submit in writing on the same day, a description of the necessary corrective measures taken and the schedule at which they will be completed.
4. If an exhibitor has been ordered to take corrective measures described in section 2 above, and fails to do so accordingly, or if the corrective measures taken are determined to be insufficient by the Organizing Committee, the following penalties may apply.
 - (1) The exhibitor will be prohibited from continuing with exhibition activities from the next day.
 - (2) If the penalty in section 1 above is not abided to, the exhibitor will be barred from exhibiting at the subsequent Inter BEE exhibition.

6-2. Others

1. Other prohibited activities and regulations that are not included in these regulations will be detailed in the Exhibitor Manual that will be distributed at a later date.
2. Promissory notes cannot be accepted for payment for booth fee and all the expenses. Transfer fees are to be borne by the exhibitor.
3. These regulations are subject to change as deemed necessary by the show sponsors, the Organizing Committee or the association. If changes occur to the regulations, they will be posted on the Inter BEE Official Website, or brought to the attention of exhibitors by other means.

4. Observing these regulations is the sole responsibility of the exhibitor. The show sponsors, Organizing Committee and the association will not accept any responsibility resulting from violations of existing laws and / or local ordinances by exhibitors.

6-3. Organizing Committee

The Organizing Committee functions as a body to deliberate and decide matters related to the management of the exhibition, including regulations and plans. The Organizing Committee will be represented at the exhibition site during the preparation and execution phases of the exhibition. These representatives will be responsible for maintaining the exhibition environment, dealing with problems and ensuring that the exhibition regulations are adhered to at all times. They have the authority to address problems as they arise.

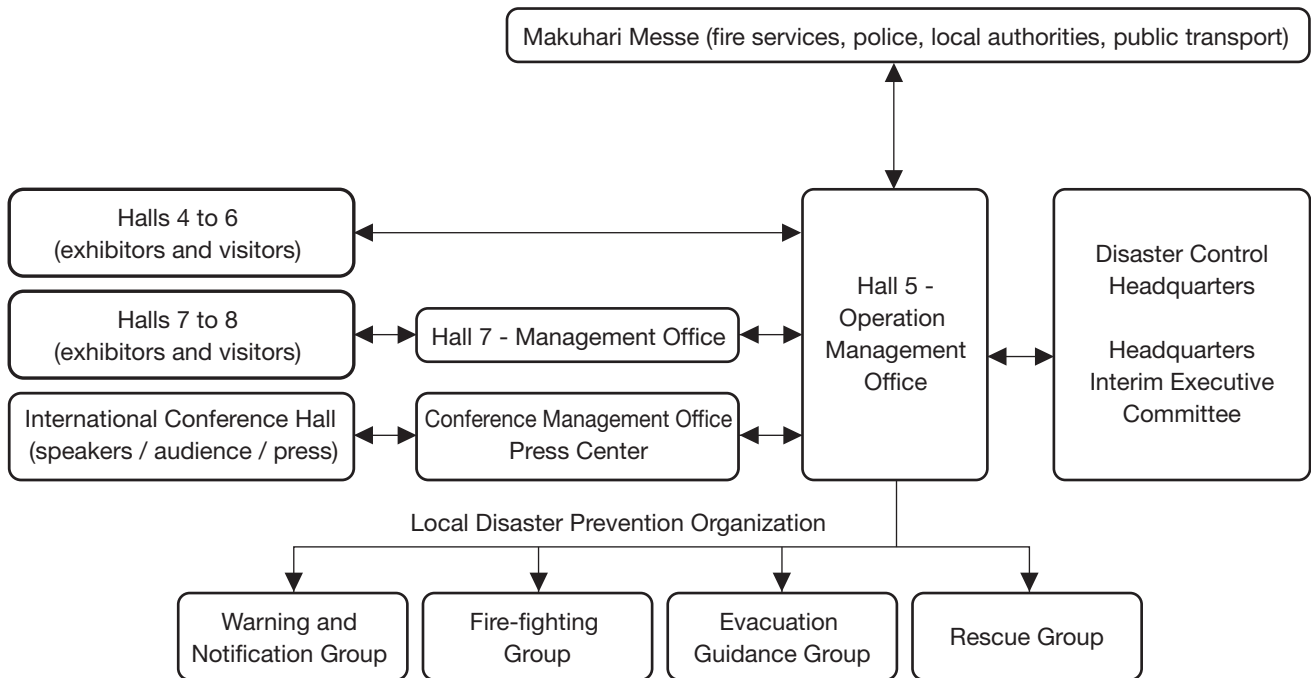

Basic Policy and Organizational Framework concerning Disaster Prevention and Safety Measures

1. Basic Policy

The Management Office will respond to disasters in accordance with its basic principle of "prioritizing the safety of visitors and exhibitors".

In the event of a disaster, the Management Office will assemble a local disaster prevention organization to gather and provide information, give evacuation instructions, and conduct initial fire-fighting and rescue activities. The Management Office will also cooperate with Makuhari Messe to circulate information between concerned organizations, and strive to ensure the safety of all parties concerned.

2. Organizational Framework

Requests to Exhibitors Concerning Disaster Prevention and Safety Measures

In order to operate a safe exhibition Inter BEE has formulated a "Disaster Prevention and Safety Measures Manual", so we hope that exhibitors can cooperate with the following requests.

1. Advance Preparations

We recommend that all exhibitors refer to the below items and formulate their own safety and disaster prevention manual.

The Management Office has separately issued a "Disaster Prevention and Safety Measures Guidelines" for exhibitors formulating manuals, so please make use of these reference materials.

<p>(1) Registering with the Management Office</p> <p>*All exhibitors must submit</p>	<ul style="list-style-type: none"> ① Contacting the booth manager So that the Management Office can contact you in the event of an emergency, register the mobile phone number and e-mail address of the person in charge of the booth with the Management Office by Friday, October 26 via the "Registration of Booth Manager and Booth Staff". Information that you register with us will be managed in accordance with personal information protection policy when holding this event and will be deleted after the conclusion of the exhibition. ② Number of booth staff Please register the estimated maximum number of staff (company employees, external staff, part-time workers, etc.) occupying and working at the booth for each day to the Management Office by Friday, October 26 via the "Registration of Booth Manager and Booth Staff". The Management Office will provide this information to public organizations such as the police or fire-fighting services in the event of a disaster.
<p>(2) Booth disaster prevention and safety measures</p>	<ul style="list-style-type: none"> ① Formulate a disaster prevention and safety manual to be used in the management of the booth ② Establish an emergency contact network and select contact managers (own company, partner companies, Management Office) ③ Divide roles among staff members <ul style="list-style-type: none"> • Ensure visitor safety and give evacuation instructions • Ensure the safety and confirm the whereabouts of booth staff • Support rescue activities • Maintain the booth (stop demonstrations, stop transmission of electrical energy, look after exhibit products, etc.) ④ Prepare disaster equipment <ul style="list-style-type: none"> • Basic emergency set • Flashlight, etc. ⑤ Check the the site <ul style="list-style-type: none"> • Confirm suspected danger spots in the booth • Confirm the closest primary evacuation place (open spaces such as wide aisles and resting place) • Confirm the closest evacuation exit and route • Confirm the location of fire-extinguishers • Participate in the emergency drill* <p>*9.00-9.15 a.m. 14th November (Wed.) (for more details refer to section 01-2-5)</p>

Requests to Exhibitors Concerning Disaster Prevention and Safety Measures

2. Safety Precautions when Setting Up Booths

After taking into consideration possible disaster scenarios, exhibitors are requested to take the following safety measures when designing and setting up their booth.

<p>(1) Electrical work</p>	<ul style="list-style-type: none"> ① Booth staff will circulate information on the location of temporary distribution boards and select a person to be responsible for turning off the breaker in the event of an emergency. The temporary distribution board to be installed by the Management Office (primary mains work) will act as an earth leakage breaker that automatically cuts off the electrical supply when an earth leakage is detected. ② Do not conceal the temporary distribution board. Also, be sure not to place any packages etc. in front of the temporary distribution board. ③ When installing large-scale lighting equipment such as PAR lighting fixtures, be sure to take measures to prevent them falling such as securing them with wire. <p style="text-align: right;">*For more details please refer to section 04-2-5</p> <div data-bbox="1029 772 1428 996" style="border: 1px solid black; padding: 5px;"> </div>
<p>(2) Designing and setting up booths</p>	<ul style="list-style-type: none"> ① When designing block booth be sure to keep 1/3 (one-third) of the side adjacent to the aisle open to allow for an evacuation route. ② To prevent truss beams falling, strike four or more anchor bolts in one place when securing them to the floor. ③ When installing exhibition panels (OCTANORM), take measures to prevent them falling by reinforcing the panels, reinforcing the beams in the corner sections, and installing weights. ④ Take measures to prevent independent fixtures falling by securing them to the wall or floor surface. ⑤ When installing video monitors, speakers, channel characters, lighting fixtures, and other fixtures located in high places; take measures to prevent them falling by securing them with bolts or wires. <p style="text-align: right;">*For more details please refer to section 04-1-3</p> <div data-bbox="1061 1254 1428 1646" style="border: 1px solid black; padding: 5px;"> </div>
<p>(3) Safety while working</p>	<ul style="list-style-type: none"> ① People working in high places must wear a helmet and a safety belt. ② When using a stepladder for work, be sure to secure it with an anti-opening bracket. ③ When using a rolling tower, be sure to install a handrail and outrigger with a height of at least 900mm around the work floor.

Exhibitors' Response to an Emergency

Please be prepared to act in the event of an emergency by informing all booth staff about how to respond to a disaster.

Earthquake	During	<ul style="list-style-type: none"> •Prioritize your own safety •Secure the safety of booth visitors and booth staff (guide people to the primary shelter)
	Straight after	<ul style="list-style-type: none"> •Give booth visitors evacuation instructions in accordance with officials' instructions when evacuation orders appear outside the evacuation hall over the P.A. system •Continue to evacuate all booth staff •Persons in charge of the booth will maintain the booth (stop transmission of electrical energy, look after exhibit products, etc.)

Disaster Evacuation Route

1. Evacuation orders

If necessary, the Management Office will give instructions via the P.A. system to evacuate people to the outside the exhibition hall.

2. Example of emergency broadcast message

(1) In the event of a fire:

"This message is for everyone in the venue. There is currently a fire in the vicinity of ○○. The disaster prevention organization has started to deal with the fire, so please calmly follow the instructions of officials and evacuate to the outside of the exhibition hall via the emergency exit."

(2) In the event of an earthquake

① Straight after

"This message is for everyone in the venue. An earthquake has just occurred. Ensure your own safety such as watching for falling objects, and please wait a while in a safe location within the venue. The Makuhari Messe building is supported by a safe structure. We will let you know as soon as we have more details."

② Evacuation order

"This message is for everyone in the venue. An earthquake centered in ○○ measuring at ○○ on the Japanese scale has just occurred. Although the Makuhari Messe building is supported by a secure structure, booths and exhibits may collapse due to aftershocks, so please calmly follow the instructions of officials and evacuate to the outside of the exhibition hall via the emergency exit."

③ In the event of a tsunami warning

"This message is for everyone in the venue. An earthquake centered in ○○ measuring at ○○ on the Japanese scale has just occurred. A tsunami warning has been announced at Tokyo Bay, so please calmly follow the instructions of officials and evacuate to the second floor of the exhibition hall via the emergency exit." The second floor is 11 meters above sea level."

(3) Incidents (bomb warning, etc.):

- ① Calling for attention: "Sakura sakura" (music) played 5 times in succession.
- ② Warning lifted: "Tooryanse" (music) played 5 times in succession

3. Evacuation guidance

Please act calmly and follow the instructions of the Evacuation Guidance Group.

Disaster Evacuation Route

4. Evacuation route

(1) When evacuating to the outside of the Exhibition Hall

When evacuating to the outside of the Exhibition Hall in event of an earthquake or fire, etc., please go to the outside of the exhibition hall shutters.

Disaster Evacuation Route

(2) When evacuating after a tsunami warning

When a tsunami warning is announced, evacuate to the second floor aisles of Makuhari Messe or to Messe Mall.

* 1st floor of Makuhari Messe exhibition hall - 8m above sea level; 2nd floor of the exhibition hall - 12m above sea level

Emergency Drill

We will carry out the below described exhibitor emergency drill to ensure that safety is secured and evacuation instructions are provided swiftly in the event of a disaster.

Requests to Help Save Energy

1. Energy saving activities

However, considering that energy-saving activities are impacting companies and households through the government's announced "Summertime Energy-Saving Measures" (electrical power supply and demand review meeting), CEATEC JAPAN 2012 is voluntarily conducting the following activities to save energy. While this may cause exhibitors some inconvenience, we hope to rely on your understanding and cooperation.

2. Energy saving measures by the Management Office

- (1) Reduced air conditioning services
 - (2) Cutting ceiling lights at second floor common areas and restaurants
 - (3) Reduced escalator services
-

3. Exhibitors' energy-saving measures

- (1) Use of components with low consumed power (LED lights, etc.)
 - (2) Energy saving considerations when designing booths
-

4. Cool Biz energy-saving campaign

Promote Cool Biz throughout the event

Personal Information Protection Law

1. Handling of Personal Information

The Japan Electronics Show Association (“the Association”) is entrusted with organizing the exhibition by the Inter BEE organizer. Personal information relevant to this exhibition is appropriately handled in accordance with the Personal Information Protection Policy of the Association.

The Association, which mainly comprises electronic device and electronic component manufacturers, holds exhibitions, seminars, and other activities for the progress of the electronics and information technology industries in cooperation with sponsors. In these activities, the Association fully understands the importance of properly handling personal information and the responsibility for protecting the information.

Therefore, the Association strictly handles information that could be used to identify individuals (“Personal Information”) obtained through its activities, in compliance with laws and other regulations concerning Personal Information.

The Association defines Personal Information as information that identifies individuals, including pieces of information that do not identify individuals directly, but could easily be matched with other information to identify individuals. The Association collects the following Personal Information through documents, electronic media, or websites.

- (1) Name, address, telephone number, fax number, e-mail address, place of employment, affiliation or position
- (2) Bank account or credit card details required for direct-debits or payments for charges related to events

2. Purpose of Using Personal Information

The Personal Information obtained from users at events that the Association operates or is entrusted to operate, will be used for the following purposes under the terms and conditions:

- (1) For sending reports or outlines, etc. regarding the Association’s operations
- (2) For handling invitations such as an exhibitions, seminars, lectures, and other events which the Association is entrusted with, and managing these events (*)
- (3) For administering the Association’s website
- (4) For providing and distributing the Association’s documents such as journals, reports, and proposals
- (5) For handling consultations and messages received from users regarding the activities which the Association operates or is entrusted to operate
- (6) For sending notification, questionnaires, etc. regarding the activities which the Association operates or is entrusted to operate
- (7) For sending proposals and communications regarding the activities which the Association operates, etc.

*The Association gathers personal information in order to improve its services regarding the operation, registering visitors prior to and during exhibitions, and accepting reservations to attend exhibitions, conferences and other special programs.

The Association also collects personal information for use in user questionnaires and for responding to requests for reference materials. Information-gathering activities are also used to provide registered visitors to exhibitions with information on promotions, and the products and services of companies related to the Association. The Association uses personal information only for these purposes.

Personal Information Protection Law

3. Providing Personal Information to Third Parties

No personal information collected by the Association will be provided to unrelated third parties except the cases listed below. However, visitors to exhibitions organized by the Association are issued with personalized barcodes. These barcodes are read upon entering the exhibition and Conference programs, and at the booths of exhibiting companies and organizations (exhibitors). As a result, information that might be considered personal in nature is shared between the Association and the exhibitors. Visitors are requested to understand that exhibitors might send information directly to them by e-mail or post after the exhibition. In addition, user data from the website and exhibition sites are sometimes provided to third parties in a format that prevents identification of individuals. Such information is not considered personal in nature.

- (1) In cases where the consent of the individual is obtained in advance
 - (2) In cases where there is a legal obligation to provide Personal Information
 - (3) In cases where it is difficult to contact individuals when necessary for protecting their property or personal safety
 - (4) In cases where it is difficult to contact individuals when it is especially necessary for improving public health or promoting children's health and welfare
 - (5) In cases where it is difficult to carry out the activities by informing the individuals when it is necessary to cooperate with a national organization, local authority, or its consigners in accordance with laws
- The Association will restrict the purposes of using Personal Information and take necessary actions according to the above-mentioned cases when it is required to provide Personal Information to third parties

4. Website Operated by the Association

On exhibition websites operated by the Association, cookies are used to provide services customized to individual users and to count the total number of accesses by all users to the site. Individual IP addresses are also collected to collate data on usage of the website and monitor trends in site usage, but these addresses are not used in any way that might lead to the identification of individual users. However, the Association shall be exempt from this stipulation if its legal rights are infringed upon or interfered with by a user(s), or the potential of such infringement or interference is suspected.

5. Managing Personal Information

The Association will protect the security of Personal Information provided by users by strictly managing Personal Information within the scope of the above purposes and by taking extensive measures to protect Personal Information from inappropriate access, loss, destruction, tampering and disclosure.

Regarding activities that the Association is entrusted to operate, the Association will comply with the organizing committee's personal information policies.

When entrusting the handling of Personal Information, the Association will conclude nondisclosure agreements with the contractors and supervise them.

Personal Information Protection Law

6. Disclosure, Modification, and Ceasing Use of Personal Information

When a user requests disclosure, modification, or cessation of use of their Personal Information, the Association will take appropriate action immediately based on the situation.
Users can confirm registered details for e-mail transmission on websites managed by the Association and alter these details.

7. Personal Information Managing System

The Association will establish a strict system for protecting Personal Information supervised by the administration manager, and carefully manage Personal Information.

Inter BEE Official WebSite

Inter BEE Official Website

The Inter BEE Official Website **InterBEE online** is an Internet Portal that widely relays information to visitors and also participants in industry. In recent years, in addition to PC sites, the means by which people access information have been growing, for example with smartphones and tablets. Against this backdrop, we will update the **InterBEE online** on September 3 (Monday) so that even more people will be able to browse the content of Inter BEE.

[English text entry advice]

- 1) A site that widely conveys exhibitor/exhibition information using SNS (Information will be spread by users with each other)
- 2) Site construction that allows users to reach the information they need

[Functions that will continue even after the update]

- 3) A site on which information is relayed to users throughout the year
- 4) A site on which exhibition information (e.g. exhibitors and conferences) of the relevant year is published

Image of the site after the update on September 3 (Monday)

*The actual site design may change.

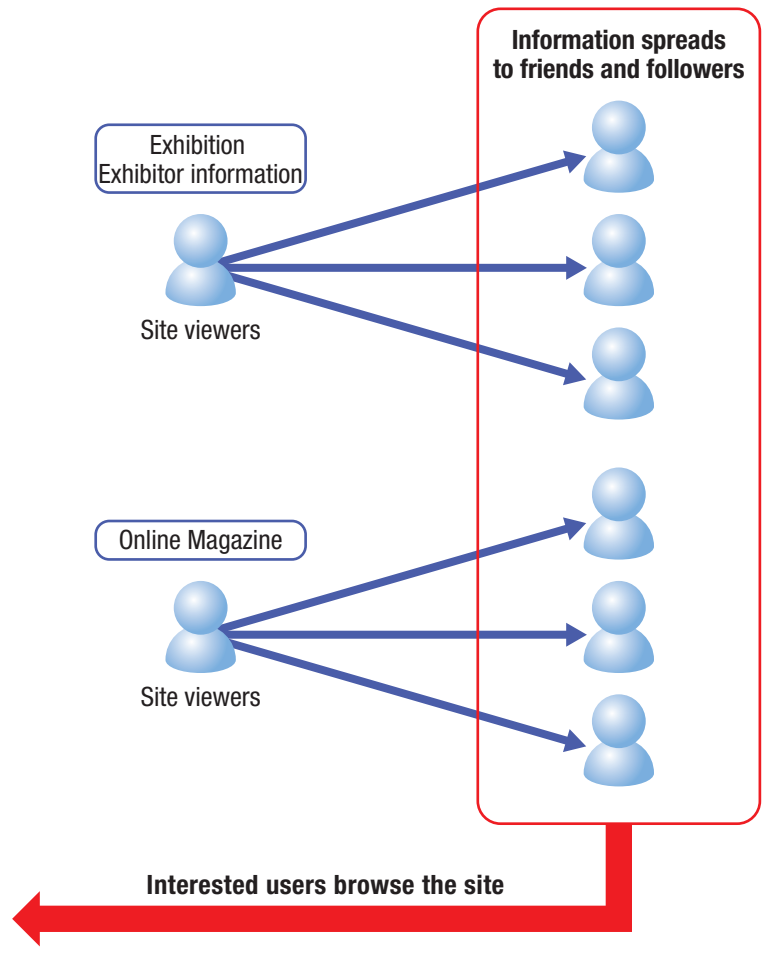

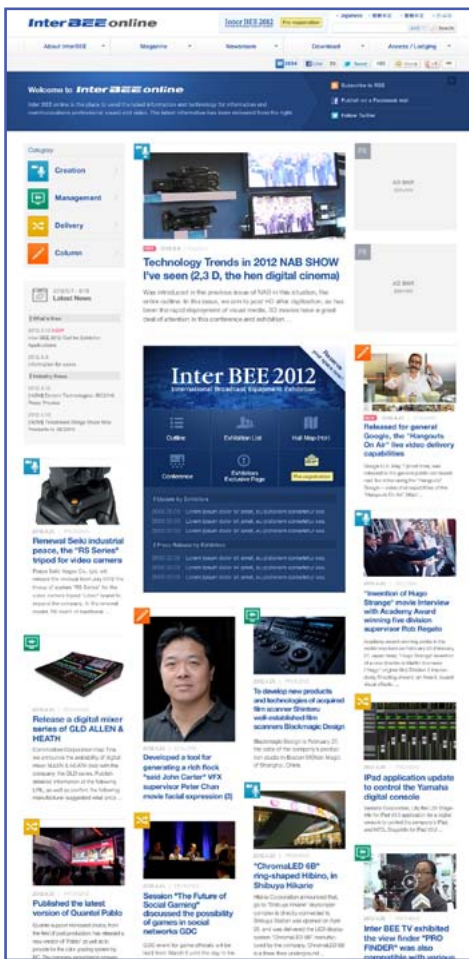

The screenshot shows the InterBEE online website interface. Callout boxes on the left and right point to specific features:

- Online Magazine category selection:** Points to the 'Creation', 'Management', 'Delivery', and 'Column' menu items.
- Management Office notifications:** Points to the 'Latest News' section.
- Industry news:** Points to the 'Industry News' section.
- Online Magazine:** Points to the 'InterBEE 2012' featured article.
- Web banner advertising:** Points to the top banner area.
- Exhibition information:** Points to the 'InterBEE 2012 International Broadcast Equipment Exhibition' banner.
- Log-in button for the Exhibitors Site:** Points to a red-bordered button in the exhibition banner.
- Exhibitor updated information:** Points to the 'Released for general Google' article.
- Exhibitor press release information:** Points to the 'Revised Seki Industrial' article.

InterBEE online Feature 1

On the Inter BEE Official Website **InterBEE online** an Online Magazine will be distributed that will be written and edited by the Inter Bee Center (see 02-1-2) for the latest industry information as well as exhibition information in order to become a site that attracts participants in industry. Furthermore, in addition to the update, information will be spread to friends and followers of those who have browsed the site through the Inter Bee Official Twitter and Facebook accounts as well as exhibitor Facebook accounts.

*The exhibitor pages are also scheduled to be coordinated with SNS. Details on the website update will be sent at a later date.

InterBEE online Feature 2

On the Inter BEE Official Website, where there is a vast amount of information, the site will be designed so that it is possible for users to obtain the information they are looking for. In addition to clear category divisions that allow users to reach the information they need in one click, the display will be set according to the device being used (e.g. PC, smartphone and tablet).

■ Exhibitor Exclusive Page

The website offers a page dedicated to each exhibitor where they can enter their own information while viewing other pertinent information such as individual guides in real-time.

■ HOW TO MAKE ENTRIES ON THE EXHIBITOR INFORMATION PAGE

To list information on the Exhibitor Information page, first log in onto the Exhibitor Exclusive page and then enter the pertinent information. Press Releases

Inter BEE supports media exposure through the following methods.

■ Press release posting on the *InterBEE online*

Exhibitors' press releases can be posted on *InterBEE online* by inputting into the Inter BEE Exclusive Exhibitor site. Note: For details on the Exclusive Exhibitor Site, please see 02-1-1.

■ Press release posting at the Inter BEE Press Room

A press room will be set up during Inter BEE on the 1st floor of Hall 5, which will provide various services for media personnel such as the dissemination of information. In the press room, information on new products, technologies, etc., from all exhibitors will be made available to media agencies in the form of press releases, novelties, and other related press kits. Therefore, we strongly recommend that each exhibitor prepare press releases and press kits for distribution.

Format:

No particular format requirements. Exhibitors can use their own press releases and press kits.

Promotional videos and CD-ROMs and other giveaways in addition to press releases can also be placed.

Content: Press releases should include:

1. Exhibiting company's name
2. Exhibition Category
3. Booth number
4. Address and telephone number for inquiries

Number of Copies to submit

1. Japanese: 50 copies
2. English : 20 copies

Submission Deadline and Address

Please submit press release directly to the on-site Press Room on November 13.

International Visitor Service

Inter BEE adopts a variety of measures to impress visitors from overseas. These include making our website available in different languages (with particularly extensive information in English), providing notices in different languages, adopting international symbols on notice boards at exhibition venues, and setting up special events for overseas visitors. In view of the high number of overseas visitors expected to attend this year's exhibition, we ask for the assistance and cooperation of exhibitors in creating an environment that will impress such visitors.

(1) Register English-language information in the Inter BEE Exhibitor Exclusive Page

*See 02-1-1 「Inter BEE Official Website」

(2) Provide English-language press releases

*See 02-2-1 「Press Release」

(3) Make English-language materials available

(4) Assign staff that can communicate with overseas visitors

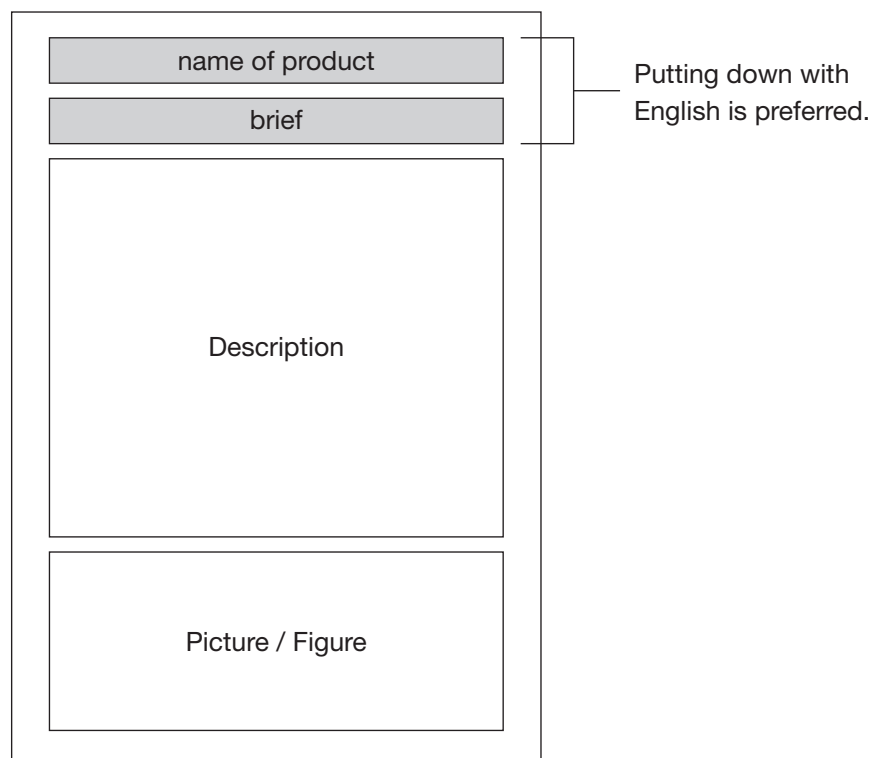

*When translators are assigned at booth, please make the staff to wear badge or arm band to be found easily by overseas visitors.

Announcement of overseas visitor friendliness on your exhibitor information will promote overseas guest traffic.

(5) Use different languages and international symbols in notices and panels at exhibition booths

*Most of overseas might communicate in English, however, a lot of visitors will come from Asian countries and regions. Therefore, multilingual signage or print material would be effective and appreciated.

Barcode System for Visitor Registration

A barcode system will be used to register visitors. All visitors are required to carry an entry pass printed with a barcode while inside the exhibition grounds. Barcode readers in every booth allow exhibitors to read these barcodes and gather data about visitors. In addition, by using the Exhibitor's Survey Code List, this system can also be used to gather visitor data specific to your exhibit. All exhibitors requesting the bar code registration system are required to fill in and submit the "Application for Visitor Barcode" Service to Neonet Inc. by Friday, November 2.

Exhibitors can customize the survey code list into a distinct data source. Sample: By combining responses such as "01: Company brochure desired" with probable visitor data into ID numbers, this data can be reflected after the exhibition. The data returned to the exhibitor will be displayed by survey code on the ID number.

Barcode System Advantages

1. No need to manually record visitor information during the exhibition or to input business card contents afterwards.
2. Information on visitor questionnaires will be included in the data supplied a week after the exhibition (by November 30). It can immediately be used for post-exhibition sales activities. The data will be provided in a excel format for exhibitors to process easily.
3. In addition to receiving ID data, exhibitors can use the Exhibitor, s Survey Code List to obtain data to create databases of individual categories and information on the interest visitors showed in individual products for quick reflection in marketing activities.
4. Exhibitors , original questionnaires may be linked to this system with additional fees. The details will be discussed upon request.

Exhibitor's Survey Code List

The Exhibitor's Survey Code List will be provided per user of the barcode system prior to the exhibition. This is an A4-size sheet of paper that allows exhibitors to assign 20 information codes specific to their (for example, the list can be used to create codes for surveys that visitors fill out in booths, or to exhibits.) assign codes to catalogs and other publications distributed to visitors. After the exhibition concludes, data from barcode readers will be tabulated according to individual exhibitors' code lists to provide customized data, in addition to data about the exhibition as a whole. Two sheets will be prepared; one with code numbers 1 to 20 and the other with 21 to 40, which allows exhibitors to assign 40 information codes. Two copies of each sheet will be provided. Upon delivery of code list, the hardcopy will be delivered in order to avoid errors in reading. Barcode sticker will enable exhibitors to create exhibitor's own designed survey code list.

Thus, you can use this code list as a distinctive and effective tool tailored to your company's marketing needs. To use it, first fill in the items for your company on the survey code list, and then read the codes with your booth's barcode reader. The data collected during the exhibition will be collated and returned to you with numbers corresponding to the items on your list.

Environmental Measures

■ Measures Adopted at Inter BEE

In accordance with the environmental policy formulated by the Japan Association for the 2005 World Exposition, Inter BEE asks that all exhibitors, visitors and sponsors think about the contribution that they can make to create a recycling-oriented society. Inter BEE promote the “3Rs” (reduce, reuse and recycle) concept and try to reduce the generation of waste at Inter BEE exhibitions.

■ Cooperation Requested to Exhibitors

(1) Control the generation of waste (reduce)

Please consider what you can do to reduce the generation of waste. Keeping in mind the need to reduce industrial waste starting at the design stage for booth display, please avoid the need to carry out construction work at the exhibition site wherever possible by bringing pre-assembled or completed booth facilities to the site.

(2) Actively reuse recycled products (reuse)

Please actively use materials that can be recycled or materials that have already been recycled.

(3) Step up recycling of waste (recycle)

Please separate waste materials, as outlined below, as a means of increasing the percentage of recycled waste. Please deposit recyclable items in the special recycling bins that have been placed at the load-in gate at each hall of the exhibition venue. We ask for your cooperation especially with regard to the bringing in and taking out of large quantities of waste.

- Waste paper (cardboard, paper, pamphlets)
- Empty cans (empty aluminum and steel cans; this does not apply to empty spray cans or gas containers, which are nonburnable)
- Plastic bottles (please dispose after emptying contents)
- Burnables (food scraps, wood and paper scraps)
- Nonburnables (plastic waste, glass and metal scraps)

“Thorough separation of waste” is a practical step you can take to help recycle.

Waste Material Separation

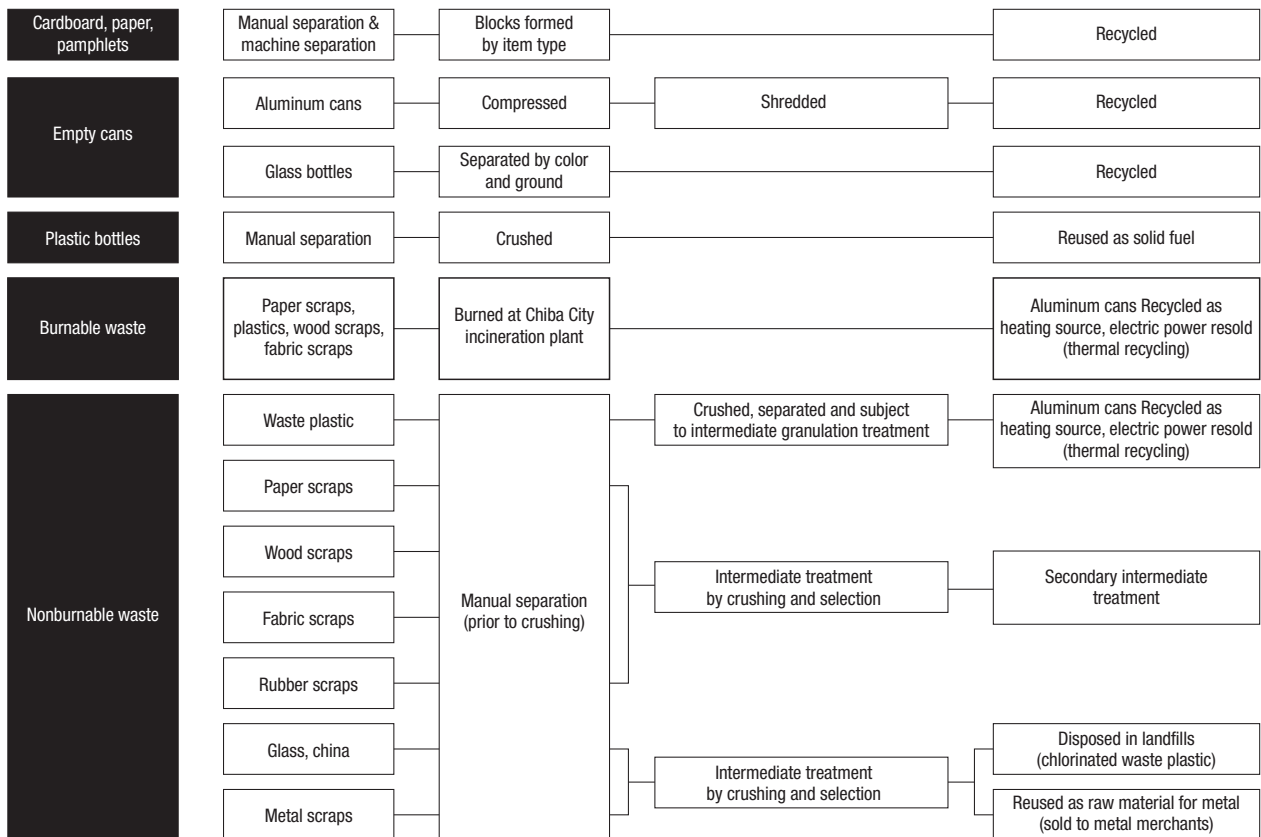

Measures Adopted at Inter BEE

We ask exhibitors to remove waste generated from setting up and dismantling their respective booths, or to take responsibility for the disposal of such waste, including costs incurred. If an exhibitor should leave waste inside the exhibition venue, the exhibitor will be billed later for the cost of disposal.

Please separate waste materials as outlined below, to increase the percentage of recycled waste. Please deposit recyclable items in the special recycling bins placed at the receiving bays of each exhibition venue. We ask for your cooperation, especially with regard to bringing in and taking out large quantities of waste. We ask exhibitors to devise measures for reducing waste at booths and to make arrangements so that, if at all possible, cardboard, exhibition materials and other items do not require disposal when setting up and dismantling booths. You may contact the following office for further details on waste treatment within Chiba Prefecture.

Booth Standards and Height

(1) Booth spaces for row booths

1. Booth Standards:

One booth space: 2.97 m (w) 2.97 m (d).

2. Booth Height:

The standard height is 2.7 m. The details of height of booth walls are shown below. The allowable height of group exhibit booth walls is same as those booths with 3 rows.

● 1 row (1, 2, 3, 4, 5, 6)

The allowable height of booth walls will be 3.6 m at set back 1.0 m from the corridors and / or foundation panels.

- ... Area where the height is limited up to 2.7m or lower
- ... Area where the height is limited up to 3.6m or lower

● 2 rows (4, 6, 8, 10, 12)

The allowable height of booth walls will be 3.6 m at set back 1.0 m from the corridors and / or foundation panels.

- ... Area where the height is limited up to 2.7m or lower
- ... Area where the height is limited up to 3.6m or lower

● 3 rows (9, 12, 15, 16, 18)

- ... Area where the height is limited up to 2.7m or lower
- ... Area where the height is limited up to 3.6m or lower

(2) Booth spaces for block booths (20 or more)

1. Block booth standards.

The standard for block booths is 1 booth space, 9m². The floor will be marked in an area equal to 2:1 or 1:1 (w:d) based on the total floor space reserved (9 m² no. of booth spaces).

The actual dimensions will be provided to the exhibitors at the lot drawing for booth space allocation.

2. Booth height of block format

The overall allowable height will be 6m.

- ... Area where the height is limited up to 6m or lower

(3) In case the size of the product exceeds the booth specifications

The height limitation of exhibit products and decorations will be stipulated as above explained. Exhibitors are requested to submit "Application for Over-Regulated Heights" stating the necessary information to Japan Electronics Show Association by Friday, October 12, and attach product leaflet and diagram indicating location and height of product(s) (both floor plan and elevation drawing). In this case, the exhibited product should be displayed within the specified space limitation of the exhibition booth and cannot be displayed in a way that invades into the aisle. Exhibited product that has received prior permission to exceed the height limitation must be exhibited in the original state of the product itself, and any additional decoration will be prohibited.

■ Height restrictions on the last row

Booths located in the final row (the topmost row on the booth allocation drawing) in the Exhibition Hall must take into account factors such as visibility by visitors and should adhere to the following height restrictions:

- Row booth (1 to 18 booth spaces): 4.5m (only the portion that has been set back 1.0m from the corridors)
- Block booth (20 or more booth spaces): 6m (all sides)

Standard Booth Facilities

System panels are used as partitions between adjoining booths. The Management Office will not erect wall panels on the aisle sides of corner booths. However, exhibitors may erect their own wall panels or ask the Management Office to do so for additional charges.

Important Points for Booth Design

■ Prohibition of usage of space beyond booth boundaries

1. Exhibitors are responsible for controlling crowds around their booths, which might block aisles in public spaces. If a stage is set up in a booth, the Exhibitor must ensure that the booth layout makes it possible to bring all visitors inside the boundaries of the booth.
2. Inviting visitors and / or conducting surveys in aisles and / or public spaces is strictly prohibited.
3. Exhibits, decorations, fixtures, plants and packaging materials should not be left outside of booths, but must be stored within booths.
4. Directly lighting aisles, walls, ceilings, etc., of Makuhari Messe is strictly prohibited. Improvements will be requested to ensure that all booths conform to regulations. Failure to conform the regulations may result in the withdrawal of exhibiting privileges. All activities related to product display and / or demonstration should be conducted inside of the booths.

■ Visibility of neighboring booths

As for the design of independent booths, please take into consideration the positions of adjacent booths and design the booths in a way that enables visitors to get an unobstructed view of adjoining booths.

■ In-booth stages

Exhibitors planning to set up a stage in their booths must ensure that the booth layout makes it possible to bring all visitors inside the boundaries of the booth. If any problems occur in line with in-booth stages, the Management Office will request immediate countermeasures.

Good example

Bad example

■ Speakers

Exhibitors are prohibited to set up public address systems, such as loudspeakers or mixers, directly facing neighboring booths. So as not to inconvenience visitors or neighboring booths, these systems must be positioned facing the stage. In case of installing loudspeakers on booth walls or displays fixture pillars, the central axis of each speaker must be 45 degrees or less. For details, please refer to the pictures below. If any problems occur in line with in-booth speakers, the Management Office will request immediate countermeasures.

Good example

■ Prohibition of using space other than within the booth

- ① Visitors must not be allowed to block aisles around the booth. When setting up a stage or similar demonstration, ensure that the booth can accommodate a large number of visitors, if expected.
- ② Calling out to visitors from outside of the booth, having visitors fill out questionnaires outside of the booth, or similar activities are prohibited.
- ③ Product exhibits, fixtures, catalogs, equipment, plants, packaging materials cannot be placed in aisles around the booth or behind the booth.
- ④ Lighting directed toward aisles, exhibition hall walls or ceiling is prohibited.

Ceiling Structure

■ Ceiling structure

Ceilings, either whole or partial, are prohibited. However, if ceilings are absolutely necessary for such reasons as to create shading, soundproofing, etc., they may be constructed with fireproof blackout curtains. The exhibitor must obtain permission from the local fire department. Direct sunlight can be shaded. However, it is possible that indirect rays of fluorescent light will reflect on TV monitors, etc., in booths. Please note that the Management Office will not take measures to prevent reflection. Exhibitors who wish to set up ceiling structure, are required to submit "Application for Ceiling Structure" to Makuhari Messe by Friday, October 12.

■ Two-story booth structures

Two-story structures are strictly prohibited.

■ Floor-lifting Structures

Booth floors may be raised a maximum of 1 meter.

■ Suspended Structure

Suspending decorations from the ceiling are prohibited.

Universal Design

■ Universal Design (includes overseas visitors)

In order to provide services of a consistently high quality in line with the standards of the exhibition, Inter BEE has worked hard to raise overall satisfaction levels by seeking opinions and receiving requests from visitors. As we look ahead to the exhibition's role as a comprehensive forum worthy of participation from a diverse range of sectors, we will also strive to find ways of attracting numerous visitors. Please keep the following points in mind when considering booth design and operation. We would be grateful for your understanding and cooperation.

■ Requests to exhibitors for universal design

(1) Booth layout, furniture, and fixtures

- ◆ Spacious layout, and flow lines for visitors in wheelchairs
- ◆ Accessible booth without steps or slopes which may hinder visitors
- ◆ Arrangement of exhibits, panels, and signs
- ◆ Good visibility of signs and panels
- ◆ Multi-lingual panels for exhibits

(2) Service manner

- ◆ Multi-lingual guide staff
- ◆ Staff training on how to serve handicapped visitors
- ◆ Audio equipment with appropriate volume and direction

(3) Providing information in universal design

- ◆ Diverse means of providing information
- ◆ Multi-lingual leaflets

Exhibitors are asked to help make all visitors feel welcomed.

Display Contractor Registration

To facilitate the management of operations, exhibitors are requested to submit the “Decoration Company Registration Form” to Murayama Inc. by Friday, October 12.

■ Compliance with rules

It is necessary for both the staff and contractor who are responsible for installations and decorations to fully understand and comply with all the regulations and contents contained in the Inter BEE exhibition manual. Please make sure to read the exhibition manual carefully.

■ Presenting forms

1. Exhibitors applying for small-package booth or package displays (appendix 05-2-1), will receive a “Decoration Company Registration Form” from Murayama Inc. and it must be completed.
2. For companies that will be doing its own installation, please enter the exhibitor’s name in the section of the decoration installation company.

Product Liability (PL) Law

The Management Office recommends that exhibitors take the following countermeasures related to Japan's Product Liability (PL) Law.

Safety / Alarm Indications

Exhibitors are strongly recommended to ensure the complete safety of their booths and provide adequate safety indications / alarm indications related to displays. The Management Office has designed its own serial safety indications / alarm indications. Exhibitors can download the PDF file at the Exclusive Exhibitor Page.

Color # for Safety / alarm indication

Red	DIC157
Yellow	DIC165
Black	K 100%

Actual Usage Environment

Exhibits should be displayed in the same exhibition environment as that in which the exhibited products will be actually used. When designing and producing the booth, care should be taken to avoid giving visitors false expectations and/or generating misunderstandings regarding quality. If the exhibition environment is to be different from the actual usage environment, the exhibitor should clearly indicate this fact.

Exhibitors who require floor works are requested to submit the “Application for Floor Work” and 2 copies of the floor plan to Murayama Inc. by Friday, October 12.

■ Floor Work

1. Exhibitors are required to contact the Management Office in each hall before commencing the work and inform the number of anchor bolts to be affixed. (In case there is no need of anchor bolts, exhibitors are required to inform the cancellation)
2. Concrete nails and jackhammering are prohibited. No construction should be carried out on pit covers or pit interiors on the floors.
3. Restoration to original condition floor work is permitted on the condition that all flooring will be restored to its original state after the exhibition. After usage, if the bolt heads project above the surface, they must be sawn off, not hammered in or cut with acetylene torches. All expenses for restoration shall be borne by the exhibitor. In the event that the floor is not restored to its original condition after the final floor inspection, or the restoration is incomplete, the Management Office will complete the restoration work and charge its total expenses to the exhibitor after the exhibition.

【Use the hole-in anchor bolt】

【Original condition】

■ Floor restoration expenses

Exhibitors are required to pay the floor restoration fees regardless of the size of anchor bolts used.
¥1,050 (including consumption tax) per anchor bolt

Fireproofing Regulations

Inspections by the local fire department will be carried out during the display construction work or after its completion. Any work not in accordance with the below regulations may be suspended, or the structure(s) in question removed. Exhibitors are required to follow the instructions below.

■ Fireproofing Regulation

1. Any type of material, whether cloth or paper, affixed to plywood for display purposes should be fireproof.
2. Materials such as display mountings, artificial flowers, draperies, drop curtains, display plywood, fiber blinds, blackout curtains, carpeting or other flammable materials must be fireproof. Please attach a Fireproof tag to each of these materials in an easily visible location.
3. Avoid using paper flowers, urethane, acetate, polyester, nylon or other materials that are difficult to fireproof.
4. The use of plastic foam is prohibited. Please substitute Styrofoam or similar materials.
5. Fireproof labeling requirements are shown below.

■ Fireproof plywood

The background should be white. The *Kanji* characters 「防災」 (Fireproof) should be printed in red, and all other characters and horizontal lines should be in black. The fireproof indication located on the reverse side of fireproof plywood is shown below. Characters and lines should be red on this indication.

■ Fireproof carpet

The background should be white. The *Kanji* characters 「防災」 (Fireproof) should be printed in red, and all other characters and horizontal lines should be in black.

Electric Power

To use electricity in the booth, enter the capacity in the “Application for Supply of Electricity” and submit it to the Shoho Denki Co., Ltd. by Friday, September 21, 2012. If you will be using a compressor, be sure to indicate the horsepower rating and make every effort to reduce noise to avoid disturbing other exhibitors. In addition, all exhibitors are required to submit the “Electrical construction Wiring Diagram” to Shoho Denki Co., Ltd. by Friday, October 12. The Management Office will then install the necessary number of switches based on this information. Enter all pertinent information as accurately as possible and please be aware that it may be impossible for us to answer requests on-site. Also, as this is the final confirmation document for electrical capacity, enter the capacity supply accurately and submit this form by the deadline.

■ Single-phase 100V and 200V facilities

The Show Management Secretariat will provide one 50Hz single breaker outlet at either 100V or 200V in each booth for demonstration and illumination of exhibits.

Please note that there are certain sections where cables cross through or in front of booths due to pit positions.

■ Power Capacity

An exhibitor is equipped with 1kW power capacity per booth at no extra charge. However, if required, extra power supply installation is available at a cost of ¥6,825 / kW(including consumption tax).

■ Triple-phase 200V facilities

Exhibitors can apply for installation of triple-phase 200V power, which is available at a cost of ¥6,825 / kW extra power supply (including consumption tax).

※The capacity required (watts) should be rounded up to the nearest thousand. (Example: 1.5kw→2kw)

■ Electrical work in booths

Exhibitors should carry out electrical construction work (in-booth power distribution boards, lights, fluorescent lights, outlets, etc.) using the circuit breaker installed by the Management Office. Exhibitors bear the responsibility to prevent accidents related to exhibits in booths through such measures as assigning a technician to be present at all times. In addition, circuit breakers must be installed on power distribution boards in each booth.

■ Power feed to booths

1. Power feed availability

15 or more booths	From 10:00 a.m. Monday, November 12
12 or less booths	From 11:00 p.m. Monday, November 12

Please note that the power feed may be delayed depending on the progress of work in neighboring booths.

2. The power feed will terminate at 5:15 pm on Friday, November 16, 2012.

3. Miscellaneous information

If you require a power feed at an earlier date, 24-hour power, or continued power feed even after it is scheduled to stop, please submit the “Application Concerning Supply of Electricity” to the Shoho Denki Co., Ltd. by Friday, October 26. Additional charges will be applied for any earlier power feeds. Also, please be aware that scheduling may make it impossible to meet a request for an earlier power feed. If you want a 24-hour power feed, this requires a separate circuit. Basically, the exhibitor is responsible for managing and controlling the power supply for the company’s booth.

■ Others**1. Protective equipment (backup)**

The Management Office cannot be responsible for any damage to exhibits caused by accidental power failure or voltage drops. For exhibits requiring constant voltage and/or frequency (the voltage in each booth will be 100V 5%), exhibitors are required to install necessary back-up equipment (power supply stabilizing units, etc.).

2. Electrician licensing

Contractors carrying out electrical work in booths must carry their licenses with them at all times. Unlicensed workers or those who fail to carry their licenses will be ordered to stop work.

3. Observing electrical standards

Electrical work in each booth must be carried out in accordance with electrical standards (internal electrical regulations).

Green Power Certification System

You can publicize your CO₂ reduction measures / contribution to environmental protection at your exhibition. If you wish to participate in this program, please submit your "Application for Certification of Green Power" to the Japan Electronics Show Association by October 12. The issues of prevention of global warming, environmental protection, and CSR are becoming more and more important these days and natural energy has an important role to play. But, it is very difficult for companies to own power generation equipment based on natural energy sources. However, there is a system in which you can entrust power generation based on natural energy sources to someone else and can receive "Certification of Green Power" for environmental added value created by that power generation. Please utilize this program to publicize your CO₂ reduction measures / environmental protection measures at your exhibition booth.

What is Green Power ?

It means power generated by natural energy resources such as solar power, wind, biomass.

How does Certification of Green Power work ?

Certification of Green Power is a certificate for environmental added value (CO₂ emission reductions, reduction of fossil fuels) of power generated by natural energy sources. Electricity you use through purchasing Certification of Green Power will be considered electricity derived from natural energy sources.

Contracts and Fees regarding the use of Certification of Green Power

Term of Contract: From the delivery start date to the end of Inter BEE

Contracted Amount: 1,000kWh unit

Unit Price: From 10,000 yen per 1,000kWh plus certification issuance fee of 5,000 yen

How to calculate usage fees: The amount of electricity used (kW) × Hours of Use (h)

Here are the standards for the hours of use

More than 15 booths	37 hours
Less than 12 booths	32 hours

Example of Calculation:

When the estimated amount of electricity used is 10kW and the number of booths is 6
10kW × 32h = 320kWh

Contract Amount: 10,000 yen~ Certification Issuance Fees: 5,000 yen Total: 15,000 yen~

Issuance of Certification of Green Power

We will issue a Certification of Green Power approximately 2 weeks after contracting. We will provide you with Green Power mark data upon contracting. You can publicize your usage of green power by indicating the marks below on materials distributed at your booth or your website.

Example 1: ●●kWh of electricity used at this booth uses green electricity based on Green Power.

Example 2: As we exhibit at "InterBEE 2012", we are promoting the use of natural energy sources by purchasing ○○kWh of Green Power to be used at our booth.

Provided by Japan Natural Energy Company Limited

You will have to contract with Japan Natural Energy Company Limited after application.

Bonded Goods

■ Bonded Exhibition

For exhibitors planning to bring foreign-made goods and / or exhibition materials to Inter BEE, the Management Office will apply to Japanese customs authorities for approval of the exhibition as a bonded exhibition. With this authorization, foreign-made goods (goods manufactured and / or assembled outside of Japan, for which import and customs procedures have not been completed) can be brought to the exhibition site under bonded status.

■ Bonded Exhibition Goods

Because bonded exhibition goods will be treated as pre-import goods, they will be under the management of the customs authorities of Japan. As such, methods of transporting and handling said goods must be approved in advance by customs authorities. All packages used to transport bonded exhibition goods will also be under the management of customs authorities, even when empty. Goods excluded from bonded status include catalogs, pamphlets and other goods that will be distributed to visitors or are considered consumables. Exhibitors planning to bring in such goods must receive import approval before delivering said goods to the exhibition site.

■ How to Apply

Exhibitors planning to bring in bonded exhibition goods are required to fill in the necessary information on the Foreign-Made Product Exhibition Plan and submit it to Ishikawa-Gumi by Friday, August 10. This form refers to planning documents for bonded exhibitions to be submitted to the Yokohama Customs Office, so changes to exhibited items will be permitted during the exhibition. The Management Office has authorized Ishikawa-Gumi, Ltd. to make all customs and transport arrangements for bonded items. For more details about bonded items, please contact Ishikawa-Gumi directly.

Products for Exhibit

The Management Office documents information on exhibited products such as whether they were made outside of Japan, their original manufacturer, etc., to obtain the approximate number of exhibitors participating. Therefore, please submit the "Notification Form for Exhibited Products" to the Japan Electronics Show Association by Friday, October 19. Thank you in advance for your cooperation on this matter.

■ How to fill out the form

If any of the following items apply to your exhibit products, please inform the management office of the manufacturers' name.

1. Exhibitors with headquarters located in Japan.

Products other than in-house products.

2. Exhibitors with headquarters located outside of Japan (exhibiting products via its Japan office).

In-house products manufactured in the country where the headquarters is located.

Products other than in-house products.

Note: Submit the form even when exhibiting in-house products made in Japan.

Display-Area lighting

■ Display-area Lighting

Four high-pressure mercury-arc lamps per display block generate brightness 500 lux in Full lighting Area and 50 lux in Lights off area. However, considering the display environments in each hall, the following lighting plan will be implemented by the Management Office.

- Lights off
- Full lighting

■ Test for lighting adjustment

Lighting adjustment plans to be implemented from 2:00 p.m. to 4:00 p.m. on November 13.

We are going to pull down the shutter in South Side during the testing overhead lighting. Please go through from the north part during the testing time. Some areas of the site have natural lighting; please bear in mind that intensity may vary according to the weather, the booth lighting, or the color of the booth wallpaper.

Prohibition

■ Prohibition on Sales

No exhibit materials are allowed to be sold during the exhibition period for any reasons. Exceptions will be products exhibited in the Service and Software category, and related products.

■ Prohibition of Usage of Space beyond Booth Boundaries

1. Exhibitors are responsible for controlling crowds around their booths, which might block aisles in public spaces. If a stage is set up in the booth, the exhibitor must ensure that the booth layout makes it possible to bring all visitors inside the boundaries of the booth.
2. Inviting visitors into booths and / or conducting surveys in aisles in public spaces is strictly prohibited.
3. Exhibits, decorations, fixtures, plants and packaging materials should not be left outside of booths, but must be stored within booths.
4. Directly lighting aisles, walls, ceilings, etc., of Makuhari Messe is strictly prohibited.

Improvements will be requested to ensure that all booths conform to regulations. Failure to conform may result in the withdrawal of exhibiting privileges.

■ Restriction on Smoke Effects

Smoke effects (including dry ice, carbon dioxide gas, etc.) are prohibited.

Sound Emissions and In-booth Demonstrations

■ Sound Volume

When using AV equipment for a demonstration and / or explanation in a booth, exhibitors are requested to follow the instructions below in order to keep comfortable environment for visitors.

Sound Level : less than 75dB

1. Above sound volume is the standard, when measured from 2 m away from the border line of booth. This level must be observed throughout every booth.
2. During the exhibition period, the Management Office will regularly measure sound levels. Exhibitors are also asked to voluntarily measure sound levels within their booths before and during the exhibition. Contact the on-site Management Office to borrow measuring equipment.
3. Breach of noise-level restrictions: Any exhibits exceeding the specified noise levels must be modified to conform to regulations. Failure to conform may result in the loss of exhibiting privileges.
4. Regardless of these regulations, if complaints are received from neighboring exhibitors or noise is noticeable in other areas of the site, the Management Office will require the exhibitor in question to lower noise levels to guarantee a comfortable environment for all visitors and exhibitors.
5. Exhibitors are requested to pay sufficient attention to the locations and directions of loudspeakers or mixers. (See page 04-1-3)

■ Copyrights

Exhibitors playing music or replaying recorded audio or video material must pay royalties on said material (unless the exhibitor owns the rights or has made separate arrangements for payment of royalties). Royalties are payable to the Japanese Society for the Rights of Authors, Composers and Publishers (JASRAC), which handles royalties in Japan. Please contact JASRAC at the following address for details on arrangements and royalty calculation methods. For inquiries about video copyright, please directly contact the corporation or group that made the video.

■ Illumination / Lighting

Nothing may be directly attached, nor may lights be shone directly onto the walls, floors or ceiling of exhibition hall except for the Professional Lighting Equipment zone.

When strong lighting equipment such as LEDs are used in displays and/or signboards, they must be positioned so as not to inconvenience visitors or neighboring booths. If any problems occur in line with lighting, the Management Office will request immediate countermeasures.

■ Others

Please take preventive measures to avoid the generation of the following during demonstrations. Please be considerate of other exhibitors and visitors.

1. Hot air
2. Gases
3. Odors
4. Vibration

In-booth Wireless LANs

The increasing use of wireless LAN for demonstrations and the like in recent years has caused interference with adjacent booths. This is to avoid communication problems due to channel interference and / or SSIDs in neighboring booths by adjusting channels in advance. Exhibitors planning to connect wireless LANs in their booths are required to submit an "Application for In-booth Wireless LAN" to Makuhari Messe by Friday, October 26.

■ Before sending the application

1. Exhibitors planning to use equipment compatible to IEEE 802.11b , IEEE 802.11a and IEEE 802.11g standards are required to submit the application.
2. Exhibitors planning to connect wireless LANs and falling under (i) above, regardless of the type of AP (access point), wireless LAN card, PC with wireless function installed or other equipment, are required to submit the application.
3. Exhibitors are responsible for making arrangements for equipment and Internet connections.
4. If neighboring booths plan to use same channel, the Management Office will ask one or both to use different channels. For this reason, the Management Office cannot guarantee that every exhibitor will be able to use the channel it specifies in the application.
5. In case applying more than one channel, the Management Office may limit the number of channels to provide depending on circumstances.
6. Wireless LAN standards limit the number of channels available, and channels will be awarded on a first-come-first-served basis. Exhibitors submitting the application after the submission deadline might not be able to use a wireless LAN.
7. It is possible that channel adjustment may cause interference with the channel you have been allocated. We recommend that you have a cable system ready as backup in the event that interference affects your wireless LAN.
8. Information on wireless LAN channels will be provided to exhibitors one week before the exhibition begins.
9. This application is only to apply for a wireless LAN in your booth, not including Internet connection order placement. If you wish to use Internet, the Application for Internet Connection should be submitted separately.
10. This application does not include wireless microphone channel adjustment. Wireless microphone adjustment should be arranged among the exhibitors involved.

Hazardous Item Handling

■ The Fire Prevention Law Prohibits the Following Activities on the Exhibition Site

1. Smoking
2. Open flame (spark-producing items, exposed elements, etc.)
3. Liquefied petroleum gas (LPG) or other flammable / pressurized gases
4. Hazardous objects (gasoline, kerosene, other oils, etc.)
5. Hazardous materials (explosives, matches or disposable lighters in large quantities, etc.)

■ Exceptions

The permission for bringing-in of the items above may be obtained from the local fire department. Therefore, the exhibitors who need any of the above mentioned materials (except smoking) to execute product demonstrations are required to submit the "Application for Flammable or Hazardous Materials Use" and two copies of detailed descriptions for the demonstrations to Murayama Inc. by Friday, October 12.

■ Smoking

Smoking in the booths is strictly prohibited. Smoking is only permitted in specially designated Smoking Areas.

■ Open Flame

The Exhibitors must to follow the conditions below when they use open flame:

1. Minimize possible the size and quantity of on-site equipment and use devices of the same type.
2. Protect the surrounding area with fireproofed materials.
3. Observe conditions closely and provide adequate fire safety equipment.
4. Set up one fire extinguisher. Provide one fire extinguisher (Type 10 and above) with an extinguishing capacity of 2 or higher.
5. Responsible person must be stationed at the booth.
6. Open flame must be at least 5 m from fire exits, hazardous materials and other flammable materials.

■ Liquefied Petroleum Gas (LPG) or Pressurized Gas

The exhibitors must to observe following rules when using LPG and other pressurized gases (oxygen, hydrogen, nitrogen, carbon dioxide, argon gas, etc.):

1. After installation, test all containers for leaks, and if necessary display a sign says, "Caution: Do Not Use Near Flammables" on them.
2. Use pressurized gases under the lowest possible pressure, and handle containers carefully. Bringing in of flammable gas cylinders (except cartridge types) to the exhibition site is strictly prohibited.
3. To prevent gas leakage, use a complete connector for all connecting parts and check continuously with a gas leak detector.

■ Hazardous Materials

1. Bring only one day's supply or less onto the exhibition site.
2. Do not replenish supplies during exhibition operating hours.
3. Provide adequate fire safety measures and handle materials carefully at all times.
4. Place hazardous materials 6 m and other materials 3 m or more from emergency exits.
5. A Type 10 fire extinguisher must be readily available.
6. Place hazardous materials 5 m away from areas in which open flames are being used.
7. Responsible person must be stationed at the booth to monitor safety.

Exhibitors' Utility Booths (Storage)

Exhibitors who require utility booths are requested to submit the "Application for Exhibitors' Utility booths" to Japan Electronics Show Association by Friday, September 7.

Utility booths locations

The location of exhibitors's utility booths will be considered by the Management Office.
Please note that the location of the storage rooms cannot be decided by the exhibitors.

Usage period

Utility booths will be available for use from 1:00 p.m., Monday, November 12 to 6:00 p.m., Friday, November 16.

Key rental

The Show Management Secretariat will start renting keys on Monday, November 12.
Exhibitors are requested to bring their business card and pick up their keys at the on-site management office.
Returning of the key : Please return the key to the Management Office by 6:00 p.m., Friday, November 16.

■ Exhibits/Demonstrations

The Management Office is responsible for the management, maintenance, preservation of order and safety of visitors. Exhibitors may be requested to take suitable countermeasures when it is deemed they impede these responsibilities, or a demonstration might have to be altered or canceled. The Management Office will not be held responsible for accidents caused by exhibitors. If there is an accident, the exhibitor should take immediate measures and contact the Management Office.

■ Exhibition Hall Management and Insurance

1. The exhibition management will, to the best of its ability, provide for the security of exhibits during the show period, for example, by implementing security guard patrols. However, the management cannot assume responsibility for damages from natural disaster, fire, theft, loss of property or other occurrences beyond its control and recommends that exhibitors take steps of their own.
2. Exhibitors must make immediate reparations in the case of injuries and / or property damage occurring at the exhibition site, whether or not said injuries / damage result from negligence on the exhibitor's part. A booth manager should be on hand at all times to prevent injuries, damage, fire and other hazards that might occur during demonstrations.
3. Exhibitors are encouraged to arrange appropriate measures, such as insurance, for their property at the exhibition. Please contact Toho Agency Co.,Ltd. which is handling all insurance-related matters, for details.

Others

- ※ The Management Office makes no guarantees regarding unrelated line or provider problems.
- ※ Provider for type of “Combination” is dynamic IP. If you require “static IP”, please apply for “Line only”, “Static IP” and Router.
- ※ Exhibitors must prepare equipment such as LAN cables and LAN adapters to connect broadband routers to PCs

Temporary Telephone Line Service

Exhibitors who require temporary telephone or fax line, are required to submit the “Application for Telephone Line” to Murayama Inc by September 21.

■ Usage Period

Line type	Usage period
Analog	9:00 a.m. on Nov. 13 to 5:00 p.m. on Nov. 16
ISDN64	9:00 a.m. on Nov. 13 to 5:00 p.m. on Nov. 16

■ Fees (including both basic and telephone call charge) Per Line

Line type	Fee
Analog	¥31,500 (tax included)
ISDN64	¥42,000 (tax included)

Notes:

* Exhibitors applying for an ISDN64 line may have a second telephone number upon request, for an additional fee of ¥10,500 (tax included).

■ Telephone

Exhibitors applying for analog lines will receive an NTT telephone for in-booth usage free of charge. If a telephone is not required, the module terminal can be used as an outlet.

■ Fax Machine

Fax machine rentals (thermal paper output) will be available.

■ International Calls

Exhibitors using analog lines may make international calls through their preferred international carrier. In the case of ISDN64 lines, international calls and / or faxes can be made only if exhibitors pre-register each individual line with their preferred international carrier. Said application procedures must be completed by the exhibitor.

■ Others

Telephone lines come up from the floor pit, and once installed relocation of telephone line is quite difficult because the displays and / or carpet cannot be moved. Therefore, please precisely clarify the telephone installation position in a “Temporary Telephone Position Diagram”. Telephones will be installed by Nippon Telegraph & Telephone East Corp. (NTT East). Persons other than NTT East personnel are forbidden to relocate a telephone without permission, to disconnect a line, or to conceal a telephone within the hall. Any expenses originating from rule violations by an exhibitor shall be borne by the exhibitor.

Antenna Installation

In case the exhibitor wants to receive TV signals for demonstration purposes, please submit the "Application for Antenna Installation" to Makuhari Messe by Friday, September 21.

Category of Signals

Digital Terrestrial Broadcasting and others	Tokyo Wave of CH-7 + MX TV, Chiba Television, Hoso Daigaku
CS-IF	One coaxial cable from the parabolic antenna connects to the JCSAT-3 or JCSAT-4A. The receiver tuner performs switching of both the antenna power supply and vertical/horizontal polarized waves.
BS-IF(Digital) 110°CS-IF	For BS-IF(Digital) and 110CS please apply separately.
Note	If an exhibitor needs special signals which are not described on the "Antenna Installation Application" Form, such as Broadcast- satellite transmission wave, please indicate the requirements in the blank space on the application form. The appointed antenna installation company will contact the exhibitor later.

Delivery of Signal

A coaxial cable with RF-typed connector will be provided at the designated place in the exhibition booth.

Installation

The installation construction is scheduled to start on Sunday, November 11 and to be completed in the morning of Tuesday, November 13. Since there is a possibility that the above installation completion schedule will be delayed because of booth construction, please discuss with Information Machine Room in Makuhari Messe, Inc. which is the appointed installation company. Dismantling will start at 5:00 p.m., Friday, November 16.

Installation Fee

For distribution, amplification, etc. of signals other than the basic signals and signals between booths, a separate fee will be charged and installation costs will be billed to you by Tofuna Eizo Inc. The payment deadline is one month from the issuance of the bill.

For signals other than the signals in the application form, bringing in antennas, etc., there will also be a separate fee, please contact Information Machine Room in Makuhari Messe, Ltd. for further details.

Tel: +81-43-296-0493 Fax: +81-43-296-0492

Deadline: **October 26**

■ Online application submission is available on Inter BEE Web Site: www.inter-bee.com

■ Please check the box below and fill in the necessary information if you wish to apply for a wireless LAN in your booth.

Type of standard	Channel to be used	SSID to be used
<input type="checkbox"/> 802.11a		
<input type="checkbox"/> 802.11b		
<input type="checkbox"/> 802.11g		

- Notes: 1. If neighboring booths plan to use same channel, the Management Office will ask one or both to use different channels. This is to avoid communication problems due to channel interference and/or SSIDs in neighboring booths by adjusting channels in advance.
The Management Office cannot guarantee that every exhibitor will be able to use the channel it specifies in the application.
2. It is possible that channel adjustment may cause interference with the channel you have been allocated. We recommend that you have a cable system ready as backup in the event that interference affects your wireless LAN.
3. This application is only to apply for a wireless LAN in your booth, not including Internet connection order placement. If you wish to use the Internet, the Application for Internet Connection should be submitted separately.
4. This application does not include wireless microphone channel adjustment. Wireless microphone adjustment should be arranged among the exhibitors involved.
5. Please note that this submission does not guarantee that communication will be possible within your booth.
