

Product **Y-Series**

The compact Y8 line array loudspeaker is designed for use in vertical columns. The 2-way passive design features two 8" drivers in a dipole arrangement and a centrally mounted 1.4" compression driver with a wave transformer. Sophisticated horn geometry combined with the advanced bass-reflex port design delivers full bandwidth capabilities with an extended LF output.

The front of the loudspeaker cabinet is protected by a rigid metal grill backed by an acoustically transparent foam. Each side panel incorporates a handle while two additional recessed grips are provided at the rear. Three point rigging hardware is integrated into the loudspeaker enclosure.

System Configuration

	Product Name	Manufacturer	Model Number
Speaker	Y8 Loudspeaker	d&b audiotechnik	Z0707.002
	Y12 Loudspeaker	d&b audiotechnik	Z0708.002
Subwoofer	Y Subwoofer	d&b audiotechnik	Z0709.002
Amplifier	D80 DSP built-in Power amplifier	d&b audiotechnik	Z2710.001
