<input type="checkbox"/> 802.11b		
<input type="checkbox"/> 802.11g		

- Notes: 1. If neighboring booths plan to use same channel, the Management Office will ask one or both to use different channels. This is to avoid communication problems due to channel interference and/or SSIDs in neighboring booths by adjusting channels in advance.
The Management Office cannot guarantee that every exhibitor will be able to use the channel it specifies in the application.
2. It is possible that channel adjustment may cause interference with the channel you have been allocated. We recommend that you have a cable system ready as backup in the event that interference affects your wireless LAN.
3. This application is only to apply for a wireless LAN in your booth, not including Internet connection order placement. If you wish to use the Internet, the Application for Internet Connection should be submitted separately.
4. This application does not include wireless microphone channel adjustment. Wireless microphone adjustment should be arranged among the exhibitors involved.
5. Please note that this submission does not guarantee that communication will be possible within your booth.

Inter BEE Online will publish articles on the exhibition content of exhibitors at Inter BEE from interviews in advance and during the exhibition. There are a great number of exhibitors, so we will carry out the interviews in order from the companies that desire this service.

■ Text Interviews

Period of Interviews		Desired Date
<input type="checkbox"/> Interviews in advance of the exhibition	Our news reporters will visit your company and interview you prior to the exhibition	
<input type="checkbox"/> Interviews during the exhibition	Our news reporters will interview you in your booth during the exhibition	

※ It is acceptable for the desired schedule of the advance interviews to be rough dates. We will contact you at a later date to confirm the schedule. We will contact you nearer to the time of the exhibition to confirm the schedule of interviews during the exhibition.

■ Video Interviews (VOD)

We will introduce the content of exhibitions for exhibitors in booths during the exhibition. This year, we will also be providing support in English and Chinese. In either case, in addition to publishing the content on Inter BEE Online, you could also use this on your site through sharing the tags of YouTube. For those who desire even more enhanced content, we will produce this at a reasonable cost.
