Translation – PCO Works

In languages such as English, Chinese, Korean and French, highly-skilled translators translate, from politics, economy and medicine, IT to fashion, culture, etc., in a suitable style for various purposes such as presentation materials, academic papers, brochures or press releases.

The four processes are carried out with good communication and teamwork.
◆ **Translator** ⇔ **Proofreader** ⇔ **Native speaking proofreader** ⇔ **Operator** ◆

Translation

High-skilled knowledgeable translators familiar with corresponding fields carry out translations

Parallel translation check

We check if there is any difference in the content of sentences written in two languages. Terms and proper nouns are also checked.

Native check

Native speakers proofread to produce more natural sentences

Editing

Operators perform layout adjustments for PPT, Excel, etc.

The above plan is an example. We will propose a plan that suits your needs.
