INTER BEE IGNITION × DCEXPO

The future of media co-created by broadcasters and startups: Toward the next chapter of content, AI, and business.

A new media era opened by Co-Creation and AI

Broadcasters are now evolving from being mere providers of programs to becoming partners in creating businesses together. At INTER BEE IGNITION × DCEXPO, we highlight new forms of co-creation emerging across diverse fields—from sports business and new venture development to the challenges taken on by young creators and startups. This year also features sessions and exhibits focusing on AI and content, offering a look at cutting-edge initiatives. The encounters and collaborations born here will become the driving force to open up a new era for broadcasting and media.

► Venue: Makuhari Messe Hall 6

INTER BEE MEDIA Biz

Exploring challenges and solutions in the evolving media and content business

Today, content travels the world without boundaries, and media itself is undergoing rapid evolution. INTER BEE MEDIA Biz provides a platform to explore next-generation media strategies and expanding business opportunities that transcend platforms and borders. It is a meeting place where forward-looking professionals gather, exchange ideas, and discover inspiration for the future of media.

► Venue: Makuhari Messe Hall 7

INTER BEE CREATIVE

Creators unite to shape the future with innovative production tools.

INTER BEE CREATIVE brings together the latest production tools and services that respond to evolving market needs. These innovations make production more efficient and more creative. Through exhibits and presentations, visitors can directly experience cutting-edge solutions that are driving the future of video production. Don't miss this opportunity to see and try the tools that are transforming creative workflows.

► Venue: Makuhari Messe Hall 8

A professional community dedicated to advancing the future of filmmaking.

INTER BEE CINEMA focuses exclusively on film production, bringing together professionals who share the latest trends and technologies while inspiring the next generation of creators. With the continued growth of cinema screens and diversification of viewing styles, this area showcases the production techniques and experiences that shape today's film industry—including directing, cinematography, lighting, sound recording, and editing. Through product demonstrations and talk sessions, INTER BEE CINEMA shares industry trends while providing opportunities for new ideas and networking.
