## **Inter BEE 2019 Special Exhibition :** **World-scale listening experience for professional audio equipment.** **Confirmed brands for the INTER BEE EXPERIENCE**

---

In our Inter BEE 2019 exhibition this fall (13 November – 15 November, at Makuhari Messe), we will be holding a world-scale listening experience as a special exhibit.

INTER BEE EXPERIENCE gathers audio equipment for professional use from famous brands for a public trial. This event is popular to those in the Professional Audio industry as well as Live Entertainment industry and has grown to a large scale annual event.

This will be marking our 6<sup>th</sup> year with the INTER BEE EXPERIENCE event. This year we have completely specialized our program to the quality of sound, starting with “X-Speaker” a public demonstration which compares world-class SR speakers, along with our “X-Headphone X-Microphone” exhibit which will showcase microphones and headphones for professional use.

---

### **INTER BEE EXPERIENCE X-Speaker SR Speaker Demonstration**

Date/Time : 11/13 (Wed.) 10:00-19:30, 11/14 (Thu.) 10:00-19:50, 11/15 (Fri.) 10:00-17:10

※INTER BEE EXPERIENCE X-Speaker hours will be extended for all 3 days.

Venue : Makuhari Messe Event Hall

We will bring together 15 famous brands with 18 products, making it the largest world-class listening experience that Inter BEE has held. There are three categories: point source, compact line array, medium and large scale line array. Please use the program below according to your interest.
